

# YANKS LAND ON JAP-HELD PACIFIC ISLAND

## Churchill Predicts Early Attack in the Mediterranean

### Second American Move in Solomons Since Last August

Strategic Intent of Action on Rendova Not Fully Apparent But May Be First Stage of New Offensive Operation

**MAY BE SCREENING OF DIVERSIONARY NATURE**

By JOHN M. HIGHTOWER

Washington, June 30.—(P)—The navy announced today that combined American forces have landed on Rendova Island in the central Solomons, in what appeared to be the first stage of a new offensive operation against Japanese positions in the south Pacific.

The Japanese have had installations on the island and presumably the landing either was opposed or, if accomplished by surprise, developed into fighting shortly afterward.

The strategic intent of the American move, except for its generally offensive nature in advancing American positions in the Solomons 110 miles northwest of the outpost in the Russell Islands, was not fully apparent.

Rendova's most obvious military characteristic is that it lies only about five miles south of Munda, where the Japanese late last year developed an air base. However, at the time the base was nearing completion it was brought under heavy American bombardment and has been regularly assaulted from the air since then, so that navy spokesmen have recently reported it was virtually useless to the enemy.

The American aim could be to take Munda for further Allied operations against either Bougainville, the main enemy-held island in the northwest Solomons or against Rabaul which lies still further to the west.

Another possibility speculated on here was that the move against Rendova may have been of a screening or diversionary nature to obscure more important thrusts elsewhere.

Still another possibility is that the high command might be testing the extent of Japanese will to resist in the Solomons area.

The Japanese fought furiously and lost heavily in their efforts to recapture Guadalcanal. Any American advance which forced them to undertake similar defensive and costly action would be profitable from the American point of view.

This is the second advance in the Solomons chain since American troops went into Guadalcanal last August 7. About the time the conquest of Guadalcanal in the south-eastern Solomons was completed on February 9 of this year, American forces occupied without opposition the Russell Islands lying 60 miles northwest of Guadalcanal.

The third move, into Rendova island, carried the front line of American strength in the South Pacific into the zone of Japanese domination and 110 nautical miles northwest of the previous position in the Russells.

The last previous American advance against Japan was begun on May 11 when United States army forces moved into Attu Island. (Turn to Page Two)

### Le Mans Is Target For U. S. Bombers

By LEO BRANHAM

London, June 30.—(P)—Flying through a heavy overcast and encountering weak enemy fighter opposition, a strong force of American heavy bombers attacked the railway and industrial center of Le Mans, France, last evening and returned without loss.

It was the first time the U. S. Eighth Air Force had struck at this city, site of large airplane engine works which were bombed twice in March by the RAF.

The communiqué gave no results of the American raid, apparently because a solid cloud blanket made observation difficult.

Many of the big bombers returned to their bases with all bombs on their racks rather than jettison them, it was reported.

The foray was the first since May 4, when the U. S. fliers raided Antwerp, that the American fliers had come back across the channel without loss of a plane.

Squadrons of P-47 Thunderbolts, the newest and most heavily-armed American fighters, escorted the formations of Flying Fortresses which carried out the attack and shot down at least two enemy fighters, a communiqué from headquarters of the U. S. Eighth Air Force said.

### DEMS KEEPING HANDS OFF IN CAPITAL FEUD

Republican Members of the Senate Clamor for Probe Of Flare-up Between Jones and Wallace

ROOSEVELT COMMENTS

**BULLETIN**

By the Associated Press

Washington, June 30.—James F. Byrnes, the man assigned to unify the home front, called together today Vice President Wallace and Secretary of Commerce Jones to discuss their vigorous quarrel over stockpiling war materials. The chief of the Office of War Mobilization (OWM) said he asked the two principals to come to his White House office at 4 p. m., to talk over their case.

By the Associated Press

Washington, June 30.—Democratic senators generally adopted a hands-off attitude today toward the public flare-up between Vice President Wallace and Secretary of Commerce Jones but Republican members clamored for an investigation.

While President Roosevelt accused the press and radio of stirring up some of the controversies among members of his official family, Senator Danaher (R-Conn.) declared he "definitely favored" congressional inquiry into the background of yesterday's heated exchange between Wallace and Jones over the program for acquiring war critical materials.

Unlike President Roosevelt, who told his press conference that the charges took him by surprise, senators did not seem startled that the long-standing disagreement between their presiding officer and the commerce secretary finally had burst into the open.

The row coming on the heels of the shakeup in the War Relocation Administration, prompted questioning of Mr. Roosevelt at his press conference on controversies within the government and the executive branch.

He said he could trace the roots of the quarrel to newspaper stories, especially by columnists, and radio commentators.

Mr. Roosevelt said reporters often had to write under orders and cited a story about the morals of the WAARCS as an illustration which hurt the war effort. Apparently he referred to a columnist's report—later denied by the war department—that members of the Women's Auxiliary Army Corps were to be furnished contraceptives. Rep. McGraney (D-Pa.) offered a resolution yesterday for an investigation of the story.

The president, who said he wished official quarrels would be brought to him before they are aired publicly, declared the home front is doing all right in spite of the wrangling. He advised news writers to take a look around the country for proof.

### Penn Electric Acquisition Is Approved

Harrisburg, June 30.—(P)—The Public Utility Commission today approved acquisition by the Pennsylvania Electric Company of all properties of the Keystone Public Service Company and the Bradford Electric Company.

The commission said the price to be paid for the Keystone company is \$6,000,450 while the purchase price of the Bradford firm is \$2,691,000.

The Pennsylvania Electric furnishes electric service in Cambria, Centre, Clarion, Clearfield, Crawford, Erie, Forest, Indiana, Somerset and Tioga counties.

The acquisition of the Keystone company is the first in a series of acquisitions by the Pennsylvania Electric Company, which is being directed toward Chester, and from there will branch again to feed refineries in the Philadelphia area, Brigance said.

### "BIG INCH" PIPELINE NEARING COMPLETION

Lancaster, June 30.—(P)—The Philadelphia arm of the "Big Inch" oil pipeline from the west will be completed by the middle of July, according to George Brigance, construction superintendent for the War Emergency Pipeline Office.

Branching off the main pipe at Phoenixville, the 20-inch spur is being directed toward Chester, and from there will branch again to feed refineries in the Philadelphia area, Brigance said.

### New Food Chief

Marvin Jones, long-time head of house agricultural committee, has been appointed war food administrator by President Roosevelt, following the resignation of Chester C. Davis, who quit because he felt his authority was not broad enough.

### Two Important Investigations By Dies Group

Plans Made to Open Hearings on Relocation Centers and Detroit Riots

### AGENTS ON THE FIELD

Washington, June 30.—(P)—Final preparations were made today for the opening tomorrow of what promises to be a prolonged congressional hearing on conditions in Japanese relocation camps.

At the same time Chairman Dies (D-Tex.) announced the full committee had decided to inquire into the causes behind recent racial disturbances, such as last week's Detroit rioting which took more than a score of lives.

Committee investigators already in the field, he said, had turned up evidence which led him to predict "important developments."

Chairman Costello (D-Calif.) of the three-man subcommittee that recently completed a tour of Japanese relocation centers in the west, said hearings probably would last several weeks.

Among the first witnesses, Costello said, will be Dillon S. Myer, WRA director. Others to be called early will include officers and former officers of the Japanese-American Citizens League and probably three Japanese recently (Turn to Page Two)

### Two Killed By Fire In Home

Harrisburg, June 30.—(P)—Two girls burned to death today in a fire that gutted their home, a three-story stucco building. Six other members of the family escaped.

The victims were Lillian, 17, and Agnes, 13, daughters of Mr. and Mrs. Edward Lau. They were asleep on the third floor.

Mrs. Lau, asleep on the second floor with a son, Billy, 3, was awakened by smoke. She carried him from the burning home and awoke Delores, 10; Helen, 9, and Martin and Mary, six-year-old twins, also sleeping on the second floor.

Flames blocked the stairway and the mother called to the older girls to jump from the third story window but they failed to respond. Firemen carried the bodies of the two victims from the house.

### Hammond Iron Works Given Coveted Army-Navy "E" Flag

The Hammond Iron Works has been notified by Under Secretary of War Patterson that it has been awarded the Army-Navy "E" pennant which will fly from the pole at the plant and each employee will be presented with a pin. The award will be made July 20 at which time a number of high officers of the Army and Navy will be present.

The Hammond Company is the first plant in the borough engaged in field construction work to be awarded the decoration. However awards have been made to the National Forge and Ordnance, at Irvine; to the O'Connor Machine Company, at Sheffield and the Struthers-Wells Company through the Titusville plant. It will be the fourth Army-Navy "E" flag to fly in the county.

Since the opening of the war the company has been engaged in doing a large amount of war work much of which was sent abroad.

The company employs a large number of men and is now 100% engaged in war work.

### BLOODY RIOTS OCCURRING IN GREEK CITIES

Axis Take Ruthless Counter-Measures by Using Firing Squads to Subdue Disorders

### INVASION ANTICIPATED

By JAMES F. KING

London, June 30.—(P)—Seething hatred of Axis occupation forces was reported today to have erupted into extensive and bloody riots in Athens and other Greek cities as the ever-present threat of an Allied invasion kept tension high throughout Europe.

Turkish dispatches last night said the street disorders broke out Sunday, and a Greek source in Ankara expressed the view they undoubtedly were touched off by the heartening effect of American air raids last week on airfields near Salonika and Athens.

The Axis took quick and ruthless counter-measures against the Greek rioters, an informed Balkan source reported. Hundreds of the demonstrators were said to have been arrested and many shot down. A number of others were believed scheduled for the firing squad.

This source said the demonstrations centered in Athens and Salonika, upon which American air raiders last week showered thousands of leaflets containing an encouraging message from President Roosevelt, and in Volos and Larissa, near the east coast.

Other reports to Ankara meanwhile said the Axis was preparing for an Allied thrust into the Balkans.

A German motorized division was said to be taking up posts along the Salonika peninsula, and a German news agency reported the Rumanian caenot had decided (Turn to Page Nine)

### Grim Tips Given Italy Writer Says

By DEWITT MACKENZIE

Britain gave Mussolini fair and honest warning today that the Allies are about to lose all hell on Italy and advised him to get from under by unconditional surrender.

This as I see it is the purport of the statements by Prime Minister Churchill and Foreign Minister Anthony Eden. It will be clear to the harried, sagging-jawed Duce that these aren't empty words of propaganda, for the storm clouds already are black over Italy and the lightning is tearing at the unhappy peninsula.

Churchill's matter of fact statement that "it is very probable there will be heavy fighting in the Mediterranean and elsewhere before the leaves of autumn fall" emphasizes what already is fairly obvious. However, grim indeed is his tip that the Italians "have only been subjected to the preliminary and discursive bombardments."

There can be little doubt that Foreign Secretary Eden in calling on Mussolini to surrender was supplementing the speech of his chief. I think we can say that these two statements go beyond the war of nerves, and are calculated to give the Italian people—against whom the Allies hold no such animosity as they do towards the Nazis—a chance to escape the terrible consequences of continuing resistance.

Meantime the Anglo-American air forces are intensifying their onslaught against the Axis.

### Judge Reno Is GOP Choice

Harrisburg, June 30.—(P)—Judge Claude T. Reno, the Republican state committee's choice for a full term on the Pennsylvania superior court, promises "as active campaign as is possible to conduct under wartime restrictions and the duties of my office."

He said his travels through the state in connection with the fall election would be limited "only by wartime restrictions and the fairly large calendar facing the court."

Reno will oppose Judge Curtis Bok of the Philadelphia common pleas court for the \$18,000, ten-year post if both are nominated at the September 14 primary. So far no other candidates have appeared. The appellate court place is the only state-wide office at stake.

State Senator M. Harvey Taylor, GOP chairman, asserted no presidential possibilities were mentioned at the meeting while a member declared, "We're going to be for whomsoever we think can win and to a good job."

### Pay-As-You-Go Tax Checkoff Effective at Midnight Will Net \$500,000,000 Per Month

Washington, June 30.—(P)—After tonight, Uncle Sam will take a personal interest in your pay check. A chunk of it you'll never see comes out at the source for income taxes.

Under the new system devised by congress to keep people as nearly abreast of their annual taxes as possible, officials estimated that employers will deduct about \$500,000,000 a month from the pay envelopes of their employees.

The checkoff will be at the rate of 20 per cent of all earnings over personal exemptions, which are \$12 a week for married persons and \$6 additional per week for dependents.

The tax starts with the first payroll period after today, however, millions of wage earners will not be affected until later this month.

The treasury said it appeared the new plan would start off smoothly, mostly because of familiarity with similar but smaller deductions for victory tax which have been in effect all year. The new system includes both victory and income taxes.

Official regulations released today authorize employers, in figuring the deduction, to disregard the odd cents on paychecks. Thus, a \$35.27 check can be counted as \$35.20 for convenience in applying the deduction formula.

Vacation pay, pensions as well as bonuses, also are subject to the act. Exempted from the withholding system are servicemen, domestic servants, clergymen, and farm labor.

Provisions are being made so that almost any bank will be able to accept as deposits to "treasury account" the money deducted by employers.

On Sept. 15 every single person earning at the rate of \$2,700 a year or married person paid at the rate of \$3,500 a year, will have to file a "declaration" something like an annual income tax return.

Mines Chief

A man-sized job lie ahead for Carl Newton, just appointed by Secretary of Interior Ickes as director of U. S. mines operations. He'll have to keep coal production going until labor crisis ends.

### Miners Slow Returning To Their Duties

Few Hundred Trickle Back To Work Despite Appeals Of Their Leaders

50,000 MEN REMAIN IDLE

Wilkes-Barre, June 30.—(P)—A few hundred hard coal miners trickled back to work today but approximately 50,000 remained idle despite fresh appeals from United Mine Workers leaders, including the important anthracite tri-district scale committee.

All those who returned were in District 1, where heads of 24 local unions representing 30,000 strikers decided yesterday to call their membership into meetings and urge again that they comply with "wishes of their government and union" and resume production.

About half a dozen meetings were scheduled for today.

Altogether, about 30,000 still were idle in District 1, 11,000 in District 2, and 8,000 in District 3. A report that operators and UMW officials are near agreement on a new contract popped up again last night following the back-to-work appeals, but was promptly denied by both sides.

Pittsburgh, June 30.—(P)—War-vital steel mills in southwestern Pennsylvania's "valley" are operating at the lowest over-all production level in more than three years because of the wildcat coal strike, which has withheld several million tons of (Turn to Page Two)

### LARGER SUPPLIES OF PETROLEUM POSSIBLE

New York, June 30.—(P)—There are "hopeful signs" that the 17 strictly rationed eastern states soon may receive larger supplies of petroleum, says H. W. Dodge, district petroleum administrator for war.

"I think I can guarantee a large supply in this district soon," he said, "but remember that while you are inconvenienced and held up in getting products, the military is taking over a million barrels a day."

### Fur Coats Appear On Streets of Kane

Kane, June 30.—(P)—Top coats—and even fur coats—appeared on the streets of Kane today as the temperature plunged down to 37 degrees. It was a drop of more than 50 degrees from the heat spell of two days ago.

Pittsburgh had a reading of 54 degrees, as against the record low of 48 for June 30 in 1885. At Erie the temperature dropped to 52 degrees. "Continued cool" weather was predicted for tonight.

### TOLL OF NAZI SEA RAIDERS IS MOUNTING

Prime Minister Declares That Forty Enemy U-Boats Were Destroyed During May

### WARNING TO ITALIANS

London, June 30.—(P)—Prime Minister Churchill declared today that it is very probable there will be heavy fighting in the Mediterranean and elsewhere before the leaves of autumn fall.

Speaking at London's Guildhall, he disclosed that more than 30 u-boats had been certainly destroyed during May and that the massacre was continuing with June "the best month we have ever known in the war."

He said that shipbuilding in the United States and Canada had reached a stage where the output of new ships "is somewhere between seven and ten times as much as our losses from enemy action in June."

The prime minister said that since the middle of May scarcely a single merchant ship had been sunk in the whole of the North Atlantic.

Referring to the coming attack in the Mediterranean, he said that so far as the Italians are concerned "they have only been subjected to the preliminary and discursive bombardments but they are already speculating x x x where the blow will fall."

"It is not part of our interest to relieve that anxiety," Churchill expressed the opinion that Axis worry over Allied plans, "may have led to the remarkable long delay of opening the promised German offensive against Russia." He said he also did not propose to relieve that worry.

He declared it also means that "we must take all those far-sighted measures which are necessary to prevent the world from again becoming convulsed, wrecked and blackened by their calculated blows and ferocious aggression."

Standing in the glow of flickering arc lamps and in the center of a panoply of gold, blue and black robes, Churchill told his cheering listeners that the battle of the Ruhr soon would be spreading over all Germany.

In a fighting speech the length and vigor of which surprised most everyone on such a formal occasion (Turn to Page Two)

### Disparity Of Views Shown On Subsidies

BY JOHN H. WIGGINS

Washington, June 30.—(P)—Legislation to outlaw the administration's subsidy-rollback program started through congress anew today in the form of a reconciliation version of senate and house bills prohibiting government expenditures to keep retail food prices down.

Regarded as almost certain to set off another subsidy wrangle, the Hybrid bill went to the house on the heels of a War Labor Board (WLB) warning that its stabilization program "calls for a prompt carrying forward of the announced policies of the administration affecting the cost of food."

Turned out by a senate-house conference committee last night after nearly seven consecutive hours of work, the measure contains virtually all of the anti-subsidy provisions of each bill but permits expenditures up to \$150,000,000 to finance present methods of subsidizing increased transportation costs, production of critical metals and output of war essential food products.

### MINE SITUATION TO BE DISCUSSED BY ICKES

Washington, June 30.—(P)—Interior Secretary Ickes will discuss the coal mining situation at 7:05 p. m. tonight over the Blue network.

Ickes, federal custodian of the mines, is booked for a 25 minute talk. It was understood he would address his remarks particularly to the miners, some of whom have refused to return to work.

### Troops Quell Jersey Riot

Passaic, N. J., June 30.—(P)—Federal troops held a crowd of several hundred persons in check to prevent a threatened riot last night, after city police had left the scene in belief the danger was over.

Julius J. Cinamon, director of public safety, said he would make an investigation today to determine "what the police were doing while the army took over the city."

The soldiers rushed here in jeeps from Paterson after an army man had telephoned them that the situation, revolving about white soldiers and negro girls, was tense. The troops, with bayonets fixed, held back the crowd and directed traffic until the gathering broke up.

### "WORST YET TO COME" OWI CHIEF DECLARES

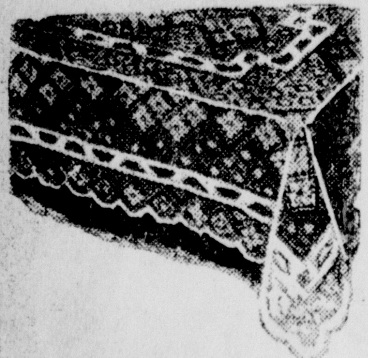

Washington, June 30.—(P)—The "toughest part of this war is still to come," and casualties will be heavier than yet experienced, warns Elmer Davis, chief of the Office of War Information.

Davis told the National Women's Press Club in a speech last night that the Kaiser's Germany did not cave in until it had been pounded longer and more heavily "at a greater cost of casualties than we have yet had in this war."

## Consider These for Your Home ... or as Gifts

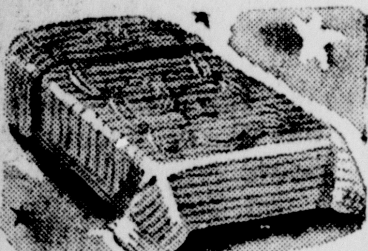

### Table Cloths

In our Linen Department you will find every style and size—from 36"x36" to 90"x108". Lace, Linen, Crepe, Rayon—plain and embroidered.

from 75c to 49.50

### Chenille Bedspreads

## ALEXANDER RASHID CO.

### Second American Move in Solomons Since Last August

(From Page One)  
land at the western tip of the Aleutians chain in the North Pacific. Attu was mopped up in three weeks of constant fighting under conditions of terrible cold, snow and fog. Prior to the Attu campaign the navy had announced the occupation of Funafuti in the Ellice Islands in the south central Pacific.  
Rendova has figured only once before in navy communiqués. Last March a war bulletin reported that on March 27 American planes had bombed and strafed Japanese positions at Ugal in the northeast coast of Rendova, destroying one building and setting another afire. This was the only public information available here today as to the enemy installations on the island.

### Two Important Investigations by Dies Group

(From Page One)  
employed on the nearby Maryland farm of Interior Secretary Harold Ickes.  
The trio on the Ickes farm, committee investigators said, were reported to have attended a meeting last month of the Japanese-American Citizens League, records of which have been seized by the committee.

### Toll of Nazi Sea Raiders is Mounting

(From Page One)  
ion, Churchill declared that "upon the association and intimate alignment policy" of the United States and Britain "depends more than upon any other factor the immediate future of the world."

London, June 30—(P)—Foreign Secretary Anthony Eden called upon Mussolini today "to accept the unconditional surrender offered to him," and said Britain has not and does not intend to approach Italy regarding the question of bombing Rome.  
Addressing Commons, Eden declared "I think it would be in the interests of humanity if Signor

### YOUNGSMAN NEWS

**BRIEFS**  
Miss Barbara Knapp and Miss Barbara Engstrom are this week beginning student work in the Penn State College. Both young ladies are local Y. H. S. graduates. He remained, one knee on the "Enjoying trip" is a late report from the Leonard Metzger family, who are traveling by auto from Youngsville to Portland, Oregon, where Mr. Metzger has a position in the shipyards there. The last word reported was from Casper, Wyoming, where the scenery was most interesting.  
Recent guests of Mr. and Mrs. Warren Jones and Mrs. Tilda Hendrickson were Mrs. Cecelia Stone and Mrs. Helen Lindberg, of Chicago.

Mrs. Jack Kellerman, of North Main street, Youngsville, represented the local groups at the recent convention of the Women's Benevolent Association at Pittsburgh. She accompanied Mrs. Harry Rogers and Mrs. S. J. Wallace, of Warren.

Mr. and Mrs. Pillsbury, of Washington, D. C., have been visiting friends in town recently.  
Work is now in progress repairing the Thatcher block, badly damaged by fire some time ago.  
Miss Betty Groves, of Meadville, was a guest last week of Mrs. S. G. McCanna.

Mrs. Charles Dyer and daughter, Miss Margaret Dyer, returned the first of the week from a visit with Mr. and Mrs. Vernon Dyer and family, at Shippensburg.  
Mrs. Ruth Sour has returned from a visit with relatives and friends at Columbus, where she also attended the Price reunion.

**SUICIDE AT CLYMER**  
Clymer, N. Y., June 30—(P)—Despondency over his release from the army was blamed by Chautauque County Coroner William B. Crandall for the suicide of David Begelow Benis, 26, of near Corry, Pa. Benis was found hanged in a barn on a farm near here yesterday, where he had worked since being given an honorable discharge from the army in March.

### Miners Slow Returning to Their Duties

(From Page One)  
bituminous coal and coke from the industry's stock piles, industry leaders reported today.  
Production was placed at 78 per cent of theoretical capacity by Dow Jones, financial news agency, after a survey of individual companies. The index was 95 per cent last week and 100 per cent the preceding week.  
Although only 139,000 of John L. Lewis' 521,000 United Mine Workers' members were idle today compared with some 250,000 last week, the steel index had dropped because of delayed effects of the walkout. Approximately 100,000 of the strikers are in Pennsylvania.

### SOCIAL EVENTS

**DANCE RECITAL**  
Eight o'clock this evening is curtain time for the third annual recital of Katherine Dawn Williams' classes in ballet and acrobatic dancing, to be presented in the high school auditorium. It is stated today that tickets may still be had at the door.

### SUGAR GROVE

Sugar Grove, June 28—Mr. and Mrs. Frank Conklin entertained the Volley Ball Club, at their home Thursday evening.  
Mrs. John Stuart entertained the N. B. Club Thursday evening. Three tables of bridge were played with high scores going to Mrs. Conrad Youngberg and Mrs. Scott Stuart.  
Miss Doris Engstrom entertained the Valley Grove Club at her home in Chancellors Valley at a picnic supper Thursday night.

Richard Sanders, son of Mr. and Mrs. Hobart Sanders, who was graduated from the Sugar Grove Joint Vocational school in May, entered State College, Saturday. Charles Swanson, a member of the senior class, also returned to complete his course. He has been spending six weeks here with his parents, and will graduate in August. The boys were accompanied to State College, Saturday by Mrs. Charles Swanson, Sr. and Mr. and Mrs. Ralph Peterson, and baby son of Lakewood.

Mrs. Agnes Abbott and Mrs. Carl Perrin left Friday morning for Buffalo, where Mrs. Abbott will undergo a major operation.

**SUICIDES IN CELL**  
Erie, June 30—(P)—Less than 24 hours after one unsuccessful attempt to kill himself at his home, Delivan G. Kitts, 38, a truck driver for the Erie school district ended his life in the Erie county jail yesterday. Sheriff Fred Lamberton reported.

**QUIET, PLEASE!**  
Barking of dogs, crowing of roosters, and operation of railway locomotives are prohibited by village regulations of Pinchurst, N. C.

### TIMES TOPICS

#### WILL MEET FRIDAY

The Warren County Council of Defense will hold its regular meeting Friday afternoon at 4 o'clock in the rooms of the Council 311 Market street.

#### BUT ONE MEETING

Carrying out its plan to hold but one meeting monthly during the summer, Warren Lodge No. 109, L.O.M., will hold its next session July 7 and asks for a large turnout.

#### ERROR IN PRICE

Due to an error the regular price of rugs advertised as a Wednesday special by the Alexander Rashid Co., in Tuesday's issue was quoted as "\$99.50 and 59.50". The correct price should have been "\$49.50 and 59.50".

#### DELEGATES TO REPORT

Local delegates to the VFW convention in Pittsburgh last week will make their reports at the meeting of Dinsmoor-Schwartz Post No. 631, to be held in the post rooms at eight o'clock. All are asked to be on hand for the meeting and lunch which follows.

#### CAMP WILL OPEN

Reservations are being taken at the Salvation Army Corps office for summer sessions at Camp Complanter at Dunkle's Corners. A period of boys' camp will open July 5 and run through the 14th; Guards, from the 14th to 23rd; Sunbeams, 23-30. Starting August 2, the Music group will be at camp for ten days and from the 11th to the 20th, the Fellowship group will assemble.

#### URGES DAM BUILDING

The flood control conference held at St. Louis this week has passed resolutions urging Congress to make immediate appropriations for the construction of the dams, levees, etc., that have been authorized. The loss in the floods this spring was more than enough to pay for all of the proposed construction and as a money and time saver in war construction plants the immediate building would pay big dividends. A special resolution urged the building of dams on the upper Ohio and its tributaries, including dams on the Cheat, Conewago, Clarion and Allegheny rivers. The big dam at Kinzua was especially urged. The control of all flood projects by the U. S. Army was especially urged.

#### COVERED BY INSURANCE

Workers in the various home defense corps under the War Civilian Security program are covered by disability payments and death benefits payable to workers who may be injured or killed in line of duty. This also includes the Aircraft Warning service and the Civil Air Patrol. Handling is done through personnel officers of the U. S. Defense groups and chief medical officers; \$100 is payable for funeral expenses; minimum disability of \$30 per month after eight days total disability; maximum disability \$85 per month; partial disability paid in proportion to the basis of these figures; no premium is to be paid. This covers all air raid wardens, members of Civil Air Patrol and U. S. Civilian Defense groups. It does not apply to persons under 16 years of age. Going to and from training classes is considered working in line of duty and this continues as long as the funds set aside for this purpose last.

**WE BUY, SELL**  
Used Bicycles.  
E. D. Everts Hdw. Co.  
6-29-4t

### TIMES TOPICS

#### LIBRARY HOURS

Following a custom established last summer, the Warren Public Library will close at 6 p. m. Wednesdays and Saturdays during July and August.

#### LICENSE ISSUED

A marriage license was issued on Tuesday by Register and Recorder O. E. Loper to Donald Joseph Gebhardt and Margaret Jean Paterson, both of Warren.

#### CIRCUS CARS SOLD

The two circus cars that for several years have been on a siding in the West End have been sold. The cars were the property of R. T. Jones, one a bunk car and one a horse car. They had been used by various circuses and the horse car was formerly with the Ringling show.

#### RECORD FOR SOLDIERS

The campaign to be sponsored by the American Legion and the Legion Auxiliary over the nation to secure records for the photographs of soldiers will open today. In the pictures displayed by the Warren National Bank one depicts how the old records are crushed and made into new records. In this connection the Beckley store is paying two cents each for the old records which are passed on to the various companies to be turned into new records for the service men.

#### COLD TODAY

Those who had been complaining about the heat were just as vehement today relative to the cold. The change was a rapid one and the official temperature record from the mixing plant of the Pennsylvania Gas Company showed a high of 72 and a low of 49. This is a remarkable change and the chilliness in the air made tropical suits and thin dresses highly unpopular. At the home of C. T. Conarro where a fine thermometer is scanned, the low this morning was 47, while at the Warren Drug Store 44 was registered.

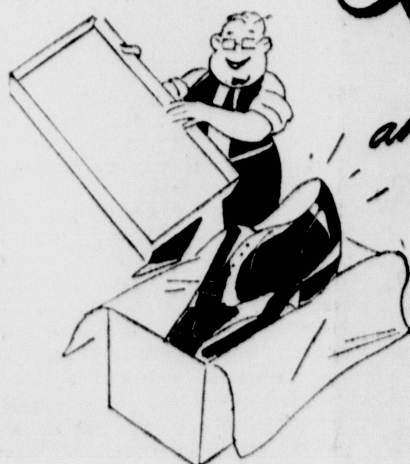

#### TOURIST IN TOWN

Warren entertained a tourist in the city yesterday but this morning he shook the dust of Warren off his feet. An aged man with one leg off and a home-made crutch, who has been hanging around Ludlow and Sheffield for some days past, came to town, bag and baggage. He drew a youth express wagon on which he had piled bags and a valise and the crook of a cane was thrust through the handle. The man did a bit of panhandling while in town but evidently found the Warren folk hardhearted as he toured on his way toward Jamestown this morning.

#### CONFERENCE SCHEDULED

What is expected to be one of the most interesting conferences on war work to be held in this city will convene here at 9:30 Tuesday, July 15. At this time representatives of the non-protective agencies in war work will convene here from eight counties. The groups will represent the volunteer officers, victory garden committees, consumers interest, child care, American Unity Speakers committee, Salvage, Youth Activity, Emergency Welfare, Nutrition and block leaders. Mrs. Worthington Scranton, state head of these agencies, will preside. A. L. Cotton, regional director, in writing to the local chairman of the Council of Defense, states that Warren county and District 8, in which it functions, has a fine record for protective work and the non-protective set-up is expected to be equally as good.

### CLARENDON

Clarendon, June 26—The Young Woman's Auxiliary of the W. S. C. S. met last Wednesday evening at the home of Mrs. Lorena Mae Borton. Devotions were in charge of Janet Sleeman after which a business session was held followed by a very interesting program in charge of Mrs. Borton. Refreshments were then served.

Earl Campbell has returned to Houghton College for a summer course after spending a short vacation at the home of his parents Mr. and Mrs. Mervyn Campbell.

Mrs. Jesse Knapp is spending this week visiting her daughter Mrs. Harold Carlson in Corry.

The Philathea Bible Class of the Methodist church will meet on the first Tuesday in July instead of the first Monday as had been previously planned.

Mr. and Mrs. S. Perry have returned to their home here after having spent a couple of weeks at the home of their son Ned in Kokomo, Indiana.

Friends of Mrs. Verda Yagge will be glad to know that she is recuperating nicely following a serious operation which she underwent in the Warren General Hospital a week ago. Joyce Barnes is taking her place in the Post Office during her illness.

Residents of Anchor street are sorry to lose Mrs. Edith Seavy as a neighbor as she has sold her home here to Mr. and Mrs. George Lobdell who expects to move in soon, very best wishes go with Mrs. Seavy wherever she may make her home.

Mrs. Blanche Sherry from Buffalo has been spending a few days with friends and relatives here.

Mrs. Helen Renick and children from Florida are spending some time at the home of her father Bert Goal.

Paul Lobdell has returned to camp after spending his furlough visiting friends and relatives here. The following young people expected to leave on Monday for Edinboro where they will attend Epworth League convention: Dorothy Knapp, Dorothy Knight and Ruth Campbell.

Raymond Walchli has arrived from Park's Air School to spend a couple of weeks visiting his parents Mr. and Mrs. Hans Walchli.

Mrs. Ruth Cook and children from Syracuse, N. Y., are visiting friends and relatives in this vicinity.

The little friends of Ann Marie McBride met at her home on Monday to help her celebrate her fourth birthday. Games were played and dainty refreshments enjoyed. Ann received many nice gifts. Those present were: Pauline Irwin, Mary Jo Wykoff, Johnny Mitchell, Gail Mitchell, Linda Sleeman and Ruth Campbell.

Mr. and Mrs. George Morrison motored to the Navy camp located at Sampson, N. Y. last weekend and visited their son Robert Jetter who is attending Radio School there. Bob expects to graduate from the school on Saturday.

## Back From Burma: Gaunt Fighters Return From Battle

Weary and bearded, Australian troops debark from a transport after being flown out of a Burma battle zone to an allied base in Assam, India. British raiding parties, supplied by planes and parachute, have carried on a war behind Jap lines in Burma, blasting enemy's railways and supply lines.

## Program of Installations And Repairs at State Hospital Will Cost Over \$120,000.00

During the next two years the Mental Hospitals of the state will undoubtedly be put in the best shape that they have been in many years. While most of them are overcrowded and there is need for a large building program that work is an impossibility until after the war when it will doubtless be added to the post-war program. At the last session of the Legislature an appropriation of \$28,000,000 for the mental hospitals of the State was recommended by Chairman Leroy Chapman, of the Senate Appropriation Committee and this amount was later passed and approved by Governor Edward Martin.

Under its provisions most of the institutions of the state will be given considerable sums for improvements and repairs. The Warren State Hospital under the Appropriation Bill, Act 77, will receive the sum of \$1,755,000 for operating expenses and \$120,000 for capital expenditure. In addition to the above and under which the Warren State Hospital will share there was passed by the Legislature and signed by the Governor Act 75A which carries an appropriation of \$9,357,000 for institutional construction and the Warren share of this is \$200,000. From this sum a certain amount of repairing will be done in some of the older parts of the hospital buildings and the water supply will be given an addition.

Under the capital expenditures listed for the next two years the following have practically been pledged due to the signing of the bill appropriating a sufficient sum to carry out the work planned. Under the schedule the following repairs will be made and installations made as funds become available and materials and machines can be purchased:

Replace 8 wood ventilating towers with fireproof towers at annexes. Material and labor 1,400. Fire hose replacement 600. Fireproofing laundry and dust chutes at Mason Hall 2,300. Chain link fence—Sewage plant 1,100. Photocentographic and x-ray unit 8,500. Surgical instruments 300. Steam sterilizers for T. B. units, instruments and bed pans 2,200. Nurses station dishes, T. B. unit 450.

Wheel stretchers 250. Medicine cabinets 550. Bedside tables and trays 1,500. Laundry conveyors 400. Laundry service trucks 100. Materials for replacing wood floors on wards and in infirmary 4,400. Miscellaneous equipment and materials 700. Miscellaneous farm equipment (includes) moving machine, farm wagon, corn binder, ensilage cutter, manure spreader, potato dig-

ger and grader 1,675. Laundry drying tumblers 10,000. Microtone and water bath—laboratory 375. Ward beds—medical 2,000. Gatch beds—medical 1,200. Ultra-violet ray lamps 550. Physiotherapy Paraffine bath 280. Barber chairs 300. Audiometer—medical 150. Nitrous Oxide gas machine 550. Dental chair 500. Reserve ammonia compressor for refrigeration system 6,000. Compartment food trays 750. Remote water level indicator 750. Live stock 100. Furniture, rugs, linoleum for wards, office and household 8,900. Wages—convert. Farm Colony residence to apartments, and remodel homestead cottage 5,000. Extension of fire lines to farm buildings 750. Steam and water valves 725. Material for pavement—Piggery 750. Material for pavement—Guth Bldg. 600. Alterations to provide adequate quarters for repair and upkeep and Curwin Hall 4,000. Install additional toilet room facilities at Mason Hall 500. Correction to heating and ventilating system at infirmary 1,500. Erection of bull pen 5,000. Grain elevator and storage 20,000. Farm office building 1,000. Concrete mixer 1,200. Filing cabinets—acc 1,000. Library books—medical 700. Electric shock apparatus 250. Litter carrier—poultry 500. Electric hoist—poultry 125. Automatic knife grinder 350. Belt Sander 450. Portable air compressors 2,500. Electric calorimeter 225. Wages and materials to repaint stone masonry—main building 4,000. Twelve looms—occupational therapy department 800. Insulate and fireproof 2,000. Third floor and roof at Supt. residence. Purchase of land for farm at west end of ferry crossing 3,000. Leasing of farm land 1,400.

### TIMES TOPICS

#### FISH AN ATTRACTION

Near the south end of the Hickory street bridge when the sun is in the west the rays penetrate the water and the fish swimming about can be readily seen. Each afternoon a number are attracted to the bridge and they watch the fish. Some of them are large ones and suckers and carp form the major portion of the finny fellows on parade.

#### RECALLS OLD CURTAIN

Announcement that The Port of Leghorn had been bombed by American Flying Fortresses had a rather familiar sound to the older Warren theater goers who remember the curtain which swished up and down before the Columbia Amusement Company took over the theater. The picture on the old curtain depicted some antiquated buildings and a few sailing boats and carried the label "The Port of Leghorn".

#### STAMPS ON SALE

Federal stamps for use on automobiles on sale at the Postoffice are not being sold that they had last year. Reports from the postoffice are that a few have been sold but seemingly there will be a grand rush for them tomorrow when they must be on the cars. Some have been under the impression that stamps need not be purchased this year but there has been no revision of the law relative to the use of the stamps and if you drive you must have a stamp.

#### BEAR INVADERS CORRY

A big bear, described by a woman who sighted it as three times the size of the largest dog she had ever seen, invaded Corry Sunday night. Bruin was seen by Mrs. Axel Bilding, who, with her husband, resided near Esso Hall. The animal was seen near the stock piles at the State Highway Department and a search for tracks Monday morning disclosed where the bear had climbed the steps to the gas station and adjoining restaurant to get at garbage cans in its search for food.

#### REVISE IN SCHEDULE

Women and girls who swim at the YMCA on Thursdays are asked by association officials to note the revised schedule for the summer months. Girls under 16 years are especially asked to remember that since the closing of school they swim earlier, the period being from 1:30 to 2:30. The time from 4:30 to 6:00 is reserved for business women who cannot get in earlier in the afternoon. For housewives, for whom a middle of the afternoon swimming period is generally more convenient, the 3:00 to 4:00 hour has been set aside.

#### ARRANGING A CONTEST

Warren's Junior Commando's next month will have a busy time according to Colonel Elliott. A contest is being arranged whereby the Commandos will have an opportunity to earn some War Savings Stamps as prizes. Just what the contest will be has not as yet been announced but final details are being worked out and the Commandos will be doing something to win the war and at the same time competing for some worth while prizes. Details of the contest will be announced in Friday's issue of the Times-Mirror and every Commando in town is urged to watch for it as it will really be worth while.

## 'Doodads for Defense' Sought By BPW; Drive Opens Soon

Being rounded into shape by the Warren Business and Professional Women's Club is the plan for its latest wartime effort, "Doodads for Defense", in which it will cooperate with the Warren County Council of Civilian Defense and for which it will seek the active participation of every woman and girl in the community.

"Doodads for Defense" is a new kind of salvage campaign, a drive being conducted from coast to coast to collect "junk jewelry" to be sent to members of the armed forces on the native-inhabited South Pacific islands for use as barter.

Women everywhere are being asked to empty their jewel cases and memento boxes of trinkets, gay and colorful but no longer of any particular use to the owners.

Brown, Horton avenue. Supper will be served at 6:30. Paul U. Richwalsky and Jack Hoffman, both at Camp Blanding, Florida have received Private First class ratings.

Captain Edward McGrath of Fort Bragg, North Carolina, is home on a furlough.

that may prove invaluable to the soldiers.

The idea is one which turns back the pages of history a few years to the day when our forefathers landed on these shores and started handing out trinkets, blankets and bright bits of wearing apparel to the Indians. Much intrigued by these gifts, for the most part the recipients remained friends of the white man in gratitude for the baubles.

Natives of the islands today have that same childlike love of the bright, the gaudy, the gay. American soldiers will use "doodads" to secure their friendship, their assistance and in many cases the food that will mean survival.

Materials from which many of the old trinkets were made are now strategic metals and manufacture of such items is no longer possible because of this fact. However, there are millions of pieces of costume jewelry cluttering up Milady's bureau drawers and the Warren Business and Professional Women's Club will call upon women of the community very soon to bring their old trinkets to special "Doodads for Defense" collection boxes to be placed about town.

*"Gangway, please... we've got a war to win"*

AMERICANS ARE STILL THE BEST NOURISHED PEOPLE ON EARTH... AND THERE'S A REASON

Our food may be stretched out these days to share with the peoples of the United Nations, but thanks to new scientific developments in animal feeding, our feathered and four-legged armies are being greatly improved in quality and propagation.

To tiny yeast cells goes much of the credit, because brewer's yeast is the source of the vitamins used to fortify feed mixtures. Now, when you eat meat raised on vita-

min-fortified feeds, you're getting nutrition plus.

Anheuser-Busch is America's biggest supplier of yeast vitamins for cattle and poultry feeds. Our large-scale production of natural vitamins is another achievement that resulted from years of research and laboratory work in producing the world's most popular beer.

**Budweiser**

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: B Complex Vitamins • Rubber • Aluminum • Munitions • Medicines • Hospital Diets • Baby Foods • Bread and other Bakery Products • Batteries • Paper • Soap and Textiles—to name a few.

### "POINTERS FOR PATRIOTS"

"Fly the flag on the Fourth—but do more than that to prove your patriotism. Put it to practical use by preventing accidents that hinder the war effort and delay victory."

The National Safety Council makes this appeal to the nation in the hope of averting a Fourth of July accident toll which the Council fears will be appallingly heavy, despite wartime restrictions. Any such toll inevitably will include war workers and others who cannot be spared or replaced, the Council reminds.

Five "Pointers for Patriots" suggested by the Council are:

1. Don't use fireworks, even if you find some. Leave the shooting this year to the men in uniform.
2. Avoid automobile trips. (In the east the OPA takes care of this.)
3. Don't overdo in exercise, eating or exposure to the sun.
4. If you swim—Don't go in alone or when over-heated. Know the depth of the water. Wait an hour after eating. Don't show off or indulge in horseplay. Remember accidents help the Axis. Put victory first on the Fourth!

### HOSPITAL MEETING

It is a source of satisfaction and comfort to note, according to reports made at the annual meeting Monday that the Warren General Hospital continues to serve the community in a highly satisfactory manner in spite of curtailments made necessary because of the war.

It is true the war has struck the hospital in its demands on doctors and nurses, and in its diversion of necessary hospital equipment to military services, and during the coming year there will necessarily be an increasing drain on the professional resources of the community.

According to those who are unselfishly giving of their time and experience to the betterment of the institution "the hospital is in far better shape than most community hospitals in this area, but military demands will increasingly cripple its facilities, and the public must realize that for the duration the excellence of the past perhaps cannot be maintained. Private nursing must be largely dispensed with; operating facilities, and hospital care restricted to emergencies. With this clearly understood, it is assured that all reasonable community needs will be adequately met."

### FARM MOBILIZATION WORK

With an active committee functioning and headquarters office opened Warren county seems well organized for the placement of farm labor.

Many high officials have stated that food production is the most important job at hand in winning the war. Most wars are won or lost by food. Already there is a great shortage of grain in this country. Everyone will want to do his part in producing and conserving every bit possible.

In the next few days centers for registration of farm labor will be established in every community, for those willing to work part time or full time on farms of the county, as well as for registration of farmers needing help.

In order to make this important project the success it must be to avert the possibility of crops going to waste because of help shortage the committee will need the cooperation of both farmers and urban dwellers.

### STILL SPEEDING

The most recent reports indicate that automobilists still are exceeding the wartime 35-mile speed limit. Checks in 11 states showed averages as high as 47 miles an hour, which is very hard on tires that can not be replaced for some time to come.

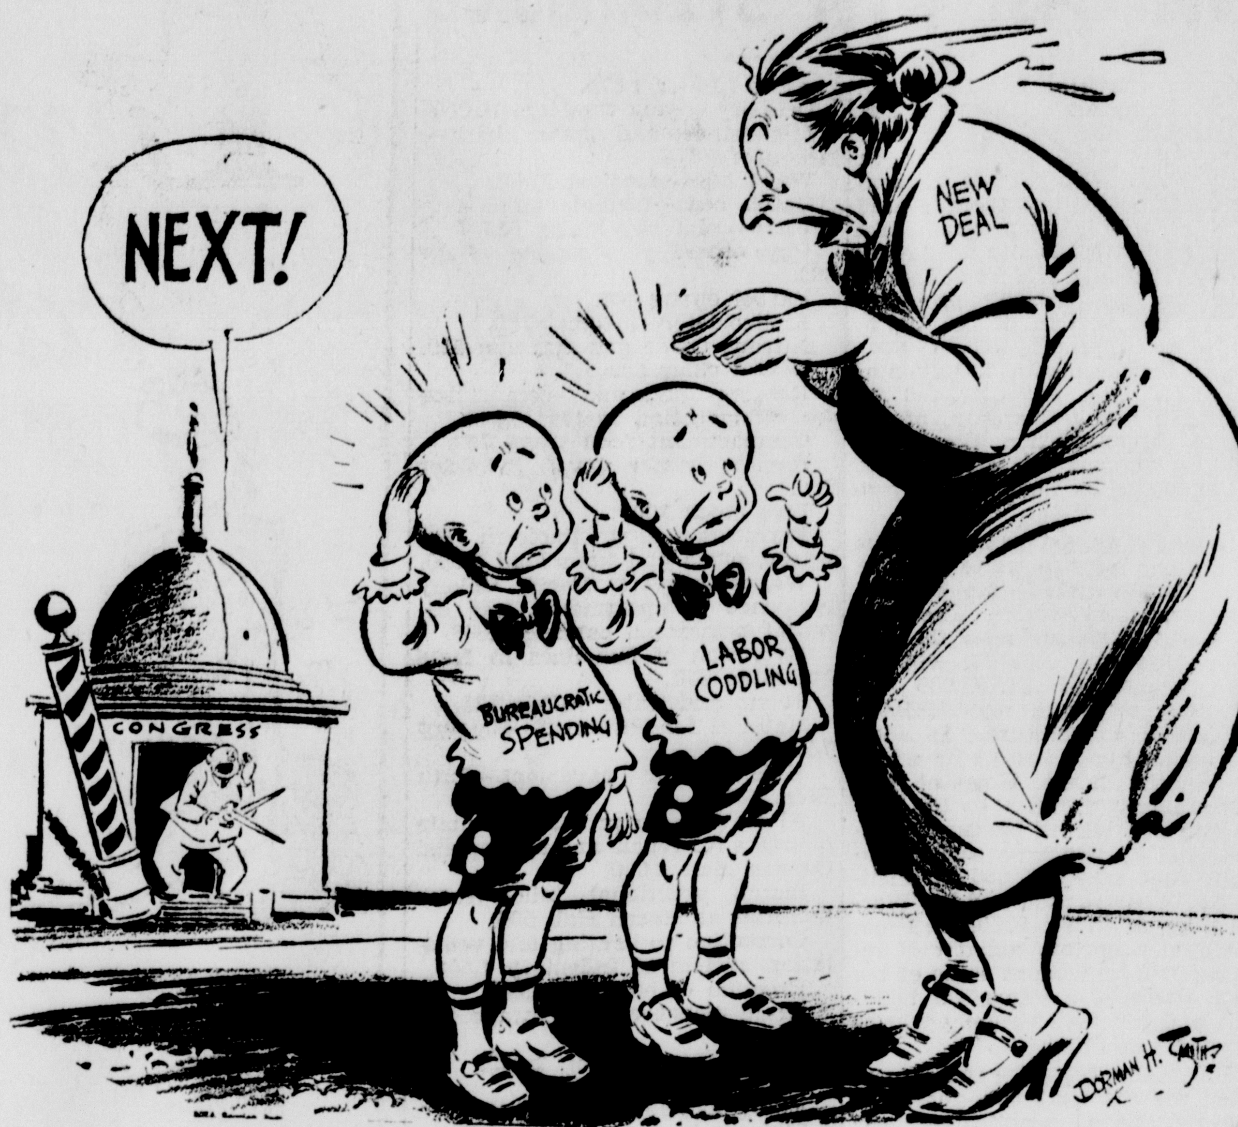

The Public Roads Administration of the FWA reminds such sloppy drivers that tires wear out half again as fast at 45 miles an hour as at 35. As the PRA puts it, tires that would wear out in 40,000 miles at 45 miles an hour would give nearly 60,000 miles of service at 35 miles an hour.

It'll be a consolation for many motorists to learn that down in Washington they've changed their minds about cancelling "A" cards.

The death of a Nazi chieftain in Holland was attributed to a "fatal accident." How easily it could have been from "natural causes."

Cars without that new Federal use tax stamp better be left off the roads tomorrow.

## Mama's Fair-Haired Boys

## Washington In Wartime

By JACK STINNETT

COLUMBUS, O.—While Washington has been fooling around with post-war planning, the states have been going to town. The 35th annual governors' conference here proved that as nothing else has.

In Washington, they have appointed several committees to study the situation. Some are partisan, some bi-partisan. None has progressed beyond the talk stage. The states are writing a different story. There wasn't one of the 40 represented here that hadn't made some actual post-war headway.

Most of the governors are positive the states have not gone far enough. The surplus that they have piled up (as in the case of Ohio—\$20,000,000 for the state welfare and education programs, plus \$50,000,000 for "other purposes" on appropriation) won't, they say, make a dent on the post-war situation unless the national government comes through or unless the states develop a self-sufficiency not now apparent.

AS Governor John W. Bricker, Republican of Ohio, put it: "If unemployment becomes extensive, the states can provide but a small part of the necessary employment."

Governor Leverett Saltonstall's Massachusetts is working on the idea that "jobs in private industry for all who are able to work are the surest solution to post-war problems." Thinking of government projects (both national and state) as merely "stop-gaps."

It becomes pretty clear now that these differences will be used as the basis for the 1944 campaigns, both for the presidency and the seats in Congress.

If the Governors' Conference tells any story at all, it is that the states are demonstrating more "unity" than Washington, and that unity consists in winning the war and in winning the peace.

## Hollywood Gossip

By ROBBIN COONS

HOLLYWOOD—Pat O'Brien is looking so young he can't crack a smile, or his face will crack too. He is doing scenes in the early career of Major Frank Cavanaugh, then football coach at the University of Cincinnati, later to gain gridiron fame at Boston College and Fordham and wide known as "The Iron Major" of World War I.

Pat has been keen for this story ever since a fan came to him, after a radio broadcast in the east, and suggested he look into the late hero's life as a movie possibility. Pat looked, and his enthusiasm grew the more he found out. He came back to Hollywood and sold RKO on the idea: a loyal family man, a great sports figure, so true to his ideals that he couldn't stay out of a war which involved the principles of right.

INGRID BERGMAN has her next job lined up. Selznick is lending her to M-G-M to star in "Gaslight" (original title of Broadway's chiller hit show, "Angel Street").

Here's one of my favorite, most revealing stories of Helen Hayes, a lady the movies could use again. Several years ago Miss Hayes had as her guest in New York a then obscure movie ingenue. Coming out of the theater one evening, the pair were besieged by autograph-seekers, crowding around their car. The little movie girl was embarrassed, as well she might be. The hounds were asking her auto-

graph, ignoring the great Helen Hayes! Miss Hayes rolled down the car window, and said, "Now you go ahead and sign those books. I know you're refusing, but you go ahead. You're in pictures, and everyone knows you. I'm in the theater and—unfortunately—everyone can't afford it. Why should they know me?"

So the ingenue of one "Jones Family" movie signed the books, while the great Hayes looked on, smiling graciously. The ingenue's signature means more now—she was Doris Bowdon, who was very good indeed in "The Grapes of Wrath" and "The Moon is Down."

CUPID GETTING STRONGER

Weddings are being canceled less frequently in England. The number of abandoned marriages averaged 2000 annually until a few years ago, when the figure dropped to 300.

between V-day and full peace time employment, the Massachusetts post-war planning committee has been reading private industry to make its own post-war plans and Governor Saltonstall is proud to cite as typical one major war plant which has figured out how it can convert to 175 per cent of pre-war employment without actually firing any war workers.

Governor J. Melville Broughton of North Carolina has a little different slant on the situation. Standing firmly on "states' rights," the Governor feels that post-war problems "cannot be solved by business and industry at once and should not be solved by government alone."

AS OUTLINED here in Columbus, there is really very little difference between the opinions of the Democrats and Republicans on post-war planning. Leaders of both parties were emphatic that neither the states nor the federal government could do the job alone. That should point the way. The only questions apparently are to what extent federal and state controls will regulate private industry.

It becomes pretty clear now that these differences will be used as the basis for the 1944 campaigns, both for the presidency and the seats in Congress.

If the Governors' Conference tells any story at all, it is that the states are demonstrating more "unity" than Washington, and that unity consists in winning the war and in winning the peace.

graph, ignoring the great Helen Hayes! Miss Hayes rolled down the car window, and said, "Now you go ahead and sign those books. I know you're refusing, but you go ahead. You're in pictures, and everyone knows you. I'm in the theater and—unfortunately—everyone can't afford it. Why should they know me?"

So the ingenue of one "Jones Family" movie signed the books, while the great Hayes looked on, smiling graciously. The ingenue's signature means more now—she was Doris Bowdon, who was very good indeed in "The Grapes of Wrath" and "The Moon is Down."

JAMES DUNN, once famous in "Bad Girl" and more recently on the stage in "Panama Hattie," returns to the major lots in "Government Girl" with Olivia De Havilland, Anne Shirley and Sonny Tufts.

Bob Ryan is very much accustomed to stripes on his arms. He was a captain in "The Sky's the Limit," a chaplain in "The Iron Major," and a lieutenant in "Bombardier." So he goes into the Army soon—as a buck private!

There'll be no "zoot suit" war movies for a time, but Edward Dmytryk, director of "Hitler's Children" and "Behind the Rising Sun" is warm for a yarn about today's youth problem. He thinks one needs to be made. His studio already owns a fitting title—"Are These Our Children?" It was pegged on a hit problem movie a decade ago... when oldsters thought those kids were wild!

MOST AID TO CHINA

Financial aid to China in April, 1942, amounted to \$200 million out of a total of \$500 million authorized by Congress for assistance to our allies, making China the largest single recipient.

### T-H-O-U-G-H-T-S

And he took all the gold and silver, and all the vessels that were found in the house of the Lord, and in the treasures of the king's house, and hostages, and returned to Samaria.—11 Kings 14:14.

Things ill-got had ever bad success.—Shakespeare.

## YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1923

Over 100 certificates for perfect attendance during the past school year have been issued by the Board of Education. This record was attained in spite of the fact that during the school year there were over 1200 cases of measles.

The 14th annual reunion of the White family was held at Garland yesterday. There was a large attendance and an interesting program given.

Employees of the Gifford Smith store enjoyed the annual picnic and outing at Midway on Chautauqua yesterday. A jolly good time with perfect weather was reported.

Anel Erickson, 17, of Glade township received a cut on the head and a deep gash on his leg when he was struck by a truck hauling cinders with which to improve a road. The lad is confined to the Warren Hospital.

Dick Topper and a group of young men who have been attending the State Conclave of the Fox Club at Meadville have returned home. They report a wonderful time and a good program.

In 1933

The favorite swimming hole of Sheffield youthdom at the pump station on the Tionesta creek has been polluted with oil. However, oil or no oil, the boys and girls seek solace from the heat by a dip in the stream.

Gus Geracimos and his committee that roasted the chickens at the Elks picnic at Ferncliff Tuesday deserve great credit. The birds were done to a brown turn and had a flavor most delicious.

Work on the widening of the Glade bridge is progressing in good shape and when all is complete it will be practically a new bridge designed to carry modern transportation.

Mr. and Mrs. W. P. Anna, of Rogers Mills have received word that their son William Anna has been ordained to the Episcopal priesthood and has been given the rectorship of St. Luke's Episcopal church in Hastings, Minn.

Announcement has been made by the West Ridge bus company that a bus will leave Jamestown each night at 11:15. This will enable Warren folk to enjoy an evening at the lake and is reminiscent of the days when crowds waited for the "last car."

## A Million Dollars to Relieve Piles

It is estimated that over a million dollars annually is spent for various remedies for relieving piles. Yet any druggist will tell you that soothing, cooling, astringent Peterson's Ointment will relieve pile torture in a few minutes. 35c a box. 60c in tube with applicator. Peterson's Ointment brings prompt, joyful relief from itching. Money back if not delighted.

KEEP your sailor, soldier, or airman in touch with home—send him photographs. And on his first leave, bring him to us for the portrait that you'll prize always.

## From where I sit ...

by Joe Marsh

"Well," says Judge Cunningham. "I see they've got it!"

"Got what?" I says.

"Look," beams the Judge. And he pulls out an article about a special kind of lie detector—an "alcoholometer" they call it.

When a fellow gets haled into court for doing mischief, and blames it all on a "couple of beers," this scientific machine proves whether just a "couple of beers" is really the true answer.

And o' course it isn't. Because a couple of beers, enjoyed with

friends, is a way people keep out of trouble, not get into it!

From where I sit, I certainly agree with the Judge. The fellow with the alibi about a "couple of beers" is reflecting on good citizens everywhere who enjoy a quiet glass of beer with their meals—sittin' with their friends or just relaxing after a day's work. Moderate folks like that are entitled to consideration.

Joe Marsh

## IF TELEPHONE CALLS WERE CARRIER PIGEONS

... skies would be black with birds!

It's too bad you can't see all the telephone calls that are flying around these days.

Statistics are hard to grasp. Seven million telephone calls a day in Pennsylvania alone! One hundred ten million calls a day in the United States! Including 400,000 Long Distance calls!

Important calls, too! Most of them. Calls that help to build ships and planes, guns and tanks. Calls that help win the war!

Let's all try to remember that  
**War Needs the Wires!**

Don't make needless calls to war centers.  
**Keep Calls You Must Make Brief!**

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

### Sugar Grove Waging Scout Fund Campaign

The annual Boy Scout finance campaign in Sugar Grove is under way following the kick-off meeting held Tuesday evening in E. A. Schoonover's store. Mr. Schoonover had written a letter to each of the prospective contributors to announce the campaign. The prospect cards were distributed to workers at the Tuesday evening meeting.

The men who are assisting Mr. Schoonover in the campaign are Eli Martin, Rev. C. H. Foss, T. Q. Stohlberg, W. C. Barlow, Guy Summerson, Roy Briggs, W. W. Williams, Robert Baldwin and Robert Mahan.

The campaign workers expressed their plans of completing all their calls in order that the campaign might come to a successful completion by next Tuesday night, July 6th.

## Recruits For Aviation Cadets To Be Sought Here Saturday

Local youths between the ages of 17 and 18 years interested in joining the Aviation Cadets will have an opportunity next Saturday to be interviewed by officers from the examining board at Erie, who will be at the local Elk Club all day beginning at nine o'clock.

In the meantime boys desiring information regarding the procedure to be followed may secure preliminary advice by consulting H. D. Baker, chairman of the local committee in charge, who will be at his place of business in Third avenue all day tomorrow.

Saturday's visit of the examining board will be climaxed by an unusual ceremony at eight o'clock that evening when six local young men eligible to receive them will be presented with buttons identifying them as members of the Air Force Enlisted Reserve. Three men on the rolls are from Warren and three from Clarendon. The presentations will be made by Captain Gerardo G. Garcia, Air Corps, in a public ceremony which will take place on the Hickory street veranda of the Elks Club, to which all interested persons are invited. Music for the occasion will be furnished by the V. F. W. Navy band. Final details for the meeting of the committee in charge to be held at the Elks Club Thursday evening at eight o'clock.

Everybody reads the Times-Mirror

## Police Take Finger Prints At War Plants

Nearly 4000 finger prints will be on file at the local police station when the task of printing all of the employees of the Hammond Iron Works and the Warren Gear Products is completed. The work is being done by Lieut. M. Evan, of the police department and it is expected to be completed this week. Nearly every day a number of men and women are finger printed as all plants engaged in defense work must have their employees printed. Already the employees of most of the Warren plants have been printed, classified and filed. Duplicates are also sent to the files of the FBI at Washington, D. C. In this connection it is made known that any civilians desiring their finger prints can call and have the work done without cost.

Ed Bartsch, of Poplar street is moaning the loss of his lawn mower which some person snatched from off his front porch. With the grass growing in profusion Mr. Bartsch is anxious to have his lawnmower and the police are on the hunt for it.

Two Jamestown boys were reported as missing yesterday and it is thought that they stayed all night at a Warren tourist home Monday evening and left headed westward. They are Robert Patterson, 16, weighing 140 pounds, five feet nine inches in height and wearing khaki shirt and pants and John Costello, 11, five feet two in height with light hair and wearing a tan slack suit. The police have checked on the boys and think perhaps they hitch hiked out of town.

Dogs continue to be picked up and several more have joined the number that have had their last ride in a garbage disposal wagon. Several doors of business houses were found unlocked and the managers got a ride in the cruiser car down to lock them up.

## Cousin Of Local Folk Crash Victim

There is considerable local interest in news that Roy Freed, chief flight instructor at the Lansing, Ill. airport was killed in a plane crash last Saturday near Crete, Ill.

He is a cousin of Miss Velma Mitchell and John Mitchell, 522 Conewango avenue, who were visiting at the home of his mother, Mrs. Emma Freed, in Chicago, when word was received of the tragedy.

Killed in the crash with Instructor Freed was Robert E. Ziedell, 21, of Kankakee, Ill., navy primary air cadet. Their two-seater Piper Cub fell in a field within 50 feet of a farmer engaged in plowing. Ziedell was killed instantly and Freed died in St. James Hospital in Chicago Heights.

Funeral services for the civilian instructor were held Tuesday in Chicago.

## No Extension Of Inspection Contemplated

With car inspections lagging heavily behind a year ago, Secretary of Revenue David W. Harris has warned motorists that serious inconvenience lies ahead for those who continue to delay having this important work done.

Pointing out that the law will not permit an extension of the present official inspection period, Secretary Harris urged motorists who want to operate their cars to get the official Pennsylvania Inspection Sticker on the windshield now. Why early inspection is so imperative, Secretary Harris explained in a statement as follows:

"Due to the war emergency,

**BE SURE**  
of the safety of your  
**WAR BONDS**  
and other valuables

Keep them in a  
**SAFE DEPOSIT BOX**  
and have  
**Real Protection**

What a  
tablespoon of  
your used  
cooking grease  
can do!

In spite of fat rationing, the government asks every American housewife to save at least a tablespoon of used cooking grease a day... after she's got all the cooking good from it. Every drop is desperately needed to make gun powder.

Just think—one tablespoonful will make five bullets! And it would be hard to find a kitchen where at least that much cannot be saved every day. Saved for a month, a spoonful a day adds up to one pound.

So, after you have got all the cooking good out of fats from frying, roasting, broiling, etc., save them in a can. Any can, even a soup can will do. (It will go to tin salvage afterwards.) The moment you have a canful, *rush* it to your meat dealer. In just three weeks' time it will be gunpowder... to be used in war-vital ways.

## PENNSYLVANIA ELECTRIC COMPANY

J. P. FENSTERMACHER, DISTRICT MANAGER

garages throughout the state have lost many of their mechanics. At the close of the last inspection period January 31st, I am informed, there were thousands of cars throughout the state which lay idle at garages for days and in some cases weeks after the close of the inspection period, waiting to be inspected. Those were the cars of motorists who delayed until the last minute to have this important work done. Unless there is an immediate speedup on the part of motorists, the experience at the close of this inspection period will be far worse than ever before. It will be impossible to take care of the heavy last minute rush of motorists."

### Bus Company Gets Gas to Give Service

Bus service from Jamestown to Buffalo via the West Ridge lines for a time yesterday faced cancellation due to the gas shortage. This would have put out of business the connection made by the buses from Warren at Jamestown to Buffalo and other points. James Ames, assistant manager of the West Ridge lines, announced yesterday that the buses would be cancelled but later in the day the War Transportation Board ordered gasoline given to the company. Large numbers of war workers are hauled by the lines in and about

Jamestown and hardship would have been worked. Eight lines would have been affected: Buffalo to Jamestown, Buffalo to Bradford, Buffalo-Erie, Dunkirk-Jamestown, Westfield-Jamestown, Jamestown-Olean, Bradford-Olean and Dunkirk-Fredonia. Local runs of the West Ridge were not affected. The gasoline situation in western New York is growing more and more serious.

## MEN AND WOMEN IN SERVICE

Word has been received by Mrs. Harold M. Schwab that her husband, Pvt. Schwab, is stationed at Keeler Field, Miss. He is the third son of Mr. and Mrs. Paul G. Schwab to enter the service. Aviation Cadet LeRoy F. Schwab, being located at Santa Ana, Calif., and Flight Officer Raymond H. Schwab being stationed at Hondo, Texas.

Mrs. Raymond Shepard, 205½ Central avenue, has had word from her son, Lt. Clark Shepard, in North Africa, that he has had a promotion and given a new assignment. He asks that friends secure his address from his mother and write to him.

Corp. John E. Wykoff, of Weld-bank is expected home to spend the Fourth with his parents Mr. and Mrs. Ernest Wykoff.

Capt. George Evan, of the U. S. Army spent yesterday in the city with his brother Lieut. Mike Evan, of the local police force. Capt. Evan is home at Sheffield after spending some time in a Washington, D. C. hospital being treated for wounds received in the landing of the U. S. forces in North Africa. A hand grenade thrown toward him exploded a piece of it cutting deep into one leg, knock-

## LOSER TAKE ALL

By Adelaide Hazeltine

### Chapter 21

ANN found Bert smiling at her from behind the wheel of his car. Though she and the young doctor would never agree on many major issues of life she was glad to see him. At least she could talk aloud and by talking she might help herself to think this thing through.

She did talk loud. She told Bert about the man in the hall and of her visit to Johnson & Johnson.

"Imagine Mr. Johnson saying he expected a woman, Bert? Who could she be?"

Bert kept his eyes on the street. He made no comment and she began to wonder if he had listened. Then, under his breath, he said, "Damn fool," and his lips drew to a thin line.

Ann thought she misunderstood. "What did you say, Bert?"

"Oh. His mouth slid into a smile and he looked over at her. He shrugged elaborately. "Must have been thinking of that last patient," he explained. "He was a funny guy." But there was no laughter in his eyes.

"Have a good time at the dedication," he asked presently.

"Good enough. I didn't see you." "I was with the common herd. Of course you wouldn't notice. You were occupied."

It was the insinuation in his voice more than the actual words which made her cheeks color. "Mrs. Morgan arranged that," she defended.

bridge. I'd like to see how Mrs. Mason is feeling today."

"All right, but changing the subject from Lane doesn't settle anything," he said and was silent the remainder of the trip to the trailer camp.

She found Mrs. Mason sitting up in bed with a neighbor woman to keep her company.

"You're sure you don't need me any more?" Ann asked anxiously.

The woman assured her that she didn't, saying the neighbor would stay with her and do what was necessary now.

Back at Terrence House Bert left Ann at the door but he made no attempt to conceal his growing annoyance with the turn of affairs.

As Ann approached Mr. Baxton's door on her way to her own room she heard the lawyer's voice raised in urgency. She couldn't help overhearing the words he spoke or knowing that they concerned her.

"No use fooling around any longer, Lane. The girl's got no claim and my clients are ready to close the deal."

"I can't give them a deed to the property I don't own. It'll have to go through probate no matter who gets it."

"I've discussed that with them. They're willing to take a contract of sale. Here! I've drawn up one. Why don't you just sign it now?"

ANN heard a rustle as the paper changed hands. She looked behind her. She didn't want to be surprised while eavesdropping but she was determined to hear what Jerry would say.

He didn't speak for several minutes then he said sharply, "This is not right. The price is down to \$20,000. You said twenty-five the other day."

"I said I thought they'd pay twenty-five," Mr. Baxton evaded. "But they won't do it. With this rationing business cutting into everything a resort's not much of a buy at any price. You're lucky to get twenty for it. It may fold up in a year."

Fold up? But he was having Johnson & Johnson draw plans for expansion with a mysterious woman to approve them. That

meant Mr. Baxton was playing it two ways and if he could make an extra \$5000 for Mr. Baxton so much the better.

While if Jerry knew of the plans for enlargement he could hold out for \$25,000 or more.

"I'll think it over, Mr. Baxton," Jerry said without enthusiasm. She heard his chair move.

She slipped past the door, hurried on to her room.

She still had time to tell Jerry of the expansion plans if she chose. Yet why should she help him?

He was an enemy, wasn't he? Let them get Terrence House from him as cheaply as they could. He had gotten it for nothing from her.

But love is a peculiar malady. Often as not it hates the object of its affection and yet in a crisis it protects its own to the final degree of illogic.

It will suffer all kinds of abuse, make resolves high sounding enough to start a century of New Years and in the end it will revert to character.

SO within two hours Ann's heart had dictated its own terms and she was on her way to find Jerry to tell him that he might like to see the plans at Johnson & Johnson before giving Mr. Baxton an answer.

Sarah was not behind the desk and the lobby was deserted. Ann walked toward the front door thinking Jerry might be on the porch.

Afterwards she supposed she must have stepped very quietly for she was in full view of the library before she saw them and they didn't see her at all. They were standing by the sofa, oblivious of everything. Sarah and Jerry in each other's arms.

He was holding her close, almost clutching her to him and she had her seductive face turned up to his. In the moment before Ann could put motion into her legs she saw Sarah lift her lips to meet his.

A little cry, like that of a wounded bird, fluttered to Ann's throat and was still.

To be continued

# TO: Every American on a Payroll FROM: The Secretary of the Treasury

## SUBJECT: The New Pay-As-You-Go Method of Collecting Your Income Tax

Starting July 1st, both your Income and Victory Tax will be collected by an entirely new and more convenient method.

Under the old system, you were obliged every March 15th to pay either the full tax for the previous year, or a quarter of that amount. Under the new system, you will keep paid up from month to month.

After July 1st, your employer is obliged by the new law to withhold every month a part of your wages and turn the money into the United States Treasury as payment on your Income and Victory Tax.

Of course, the amount that your employer withholds will depend upon your pay and your exemptions. But this is the important point: For most of us, the amount withheld over a year's period will add up to the same that we're paying now—plus or minus a few dollars.

At the end of the year, we may owe the Government a few dollars or the Government may owe us. (See the tables below.)

You may have heard 20% mentioned as the proportion of your wages that will be withheld. Actually, this is incorrect. To figure the amount that will be withheld, take your total wages and subtract your allowance for exemp-

tions and allowance for dependents; 20% of this lesser amount is the total that will be withheld.

Now please remember this: You must claim those exemptions to take advantage of them. Before July 1st, you must file with your employer an Exemption Certificate. If you do not do this, your employer will have no choice but to deduct 20% of your full pay check.

Here is how the new tax collection method will work: Let's say you are a working man earning \$3,000 a year; that you are married, and have two children.

First of all, as a married man you are allowed a personal withholding exemption of \$1,248, plus an exemption of \$312 for each dependent (other than your wife). This makes a total exemption of \$1,872 (\$1,248 for yourself and wife, plus \$624 for your two dependents), which is deducted from the \$3,000 you earn before your tax is computed. You are thus paying tax on \$1,128, of which your employer will withhold 20%, or \$225.60 for the year. Therefore, in your pay envelope, after July 1, you will receive about \$4.40 less each week.

In March, 1944, when you ordinarily would be faced with paying taxes on your 1943 income, you will file a return showing how much you have already paid, and how much your total tax actually amounted to. If, by that time,

you have already paid more than your actual tax due, you will be given credit for the difference. If you owe more than you have paid, you will pay the difference.

Since this plan starts July 1, many wonder what happens to the tax payments they will already have made by that time—on March 15 and June 15.

For a great majority of people, here is what happens. . . . Your 1942 income tax is "forgiven" (either all, or most of it). The March and June installments which you originally paid on that 1942 income tax are credited, instead, as payments on your 1943 tax. With the result that on July 1st, with the year half gone, you have already paid tax on that half-year's income. In short, you are "paying as you go."

There is one thing more. Since this pay-as-you-go method leaves you just as much of your net income as you had before, you will probably find it possible to at least maintain your present rate of buying War Bonds. Do this by all means!

Taxes alone will not bring to the Treasury nearly enough money to finance the great invasion war that lies ahead. The war needs every cent of your money that does not go for the necessities of life.

Henry Morgenthau Jr.

### AMOUNTS WITHHELD FROM WEEKLY WAGES FOR INCOME AND VICTORY TAX UNDER PAY-AS-YOU-GO

TABLE 1 SINGLE PERSON—NO DEPENDENTS

Weekly wage	Amount to be withheld weekly	Withholding as a percent of wages	Annual total to be withheld	Annual total to be paid
\$17.50	\$ 1.10	6.3%	\$ 57.20	\$ 73.73
22.50	2.10	9.3	109.20	126.48

## Phillies Get Test In Game With Pirates

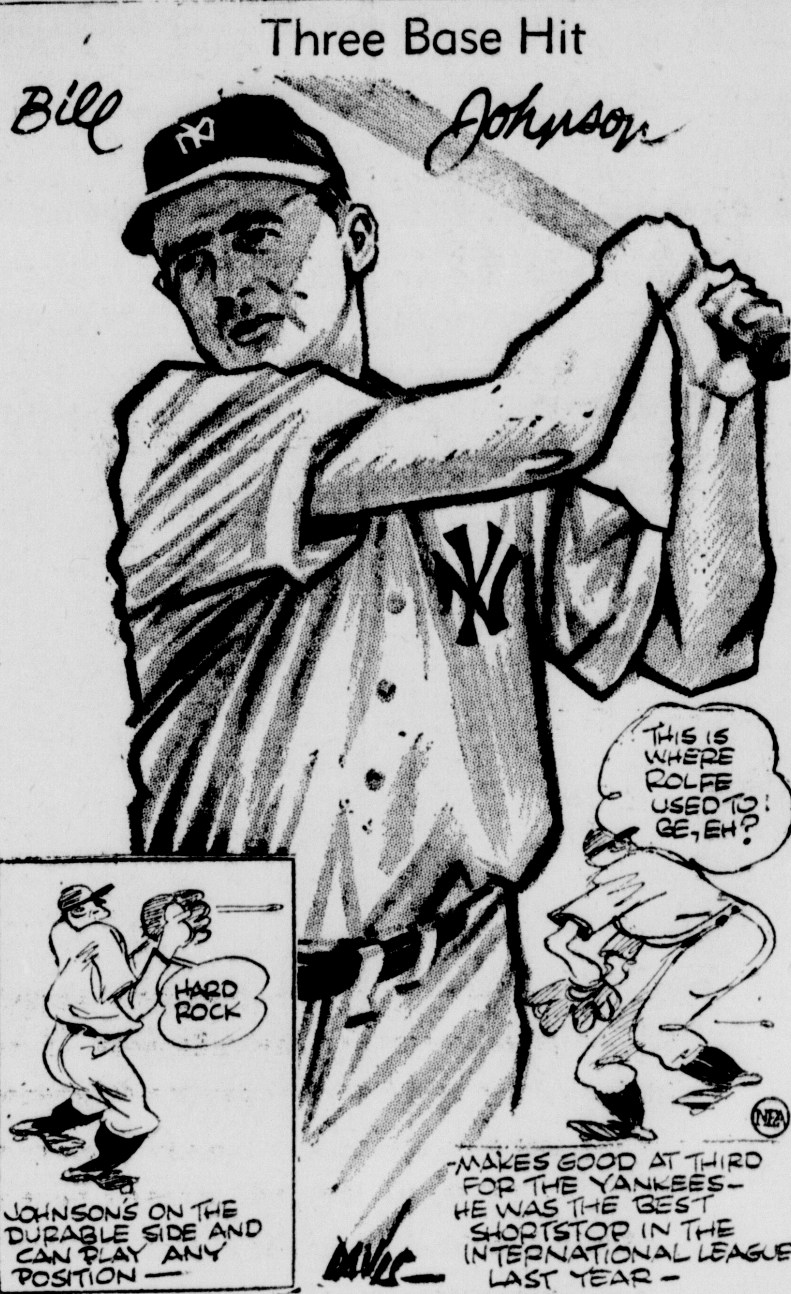

By ED CREAUGH  
Philadelphia, June 30.—(P)—Those fantastic Phillies, who have been bouncing up and down in the National League standings like a jeep on a corduroy road, have a chance to decide tonight whether they're the first division club Bill Cox thought he could whip together or just a postscript edition of the teams that went to the cellar as regularly as a furnace man in January.

The Phils are at the crossroads. Despite their three losses to the nine lively old men from Brooklyn, they've only a game behind the fourth place Cincinnati Reds, but on the dark side of the picture they're only a half-game ahead of sixth-place Boston.

If Si Johnson can win tonight's war relief day game with the hard-slugging Pittsburgh Pirates at Shibe Park—and if the Brooklynians will have the kindness to act their age and drop two to Cincinnati—the anything-may-happen Quakers will be resting merrily on fourth, a mere game and a half behind the Pirates.

Manager Bucky Harris has a notion they can do it, too. "Poor pitching" is the reason he assigns for the Dodger debacle, and the lineup for the Pirates game, optimistically enough, is unchanged.

The club's newly purchased pitcher, six-foot right-handed Dick Conger of Toronto in the International League, won't report until July 7, and by that time Philadelphia should still be celebrating Independence Day—independence at least from the second division tradition—or so deep in their old habits that a free gift of the league's all star players wouldn't help.

## Few Veterans Turn Out For Pitt Panthers

Pittsburgh, June 30.—(P)—Undismayed by the turnout of but six veterans in a squad of 36, Football Coach Clark D. Shaughnessy settled down today to a series of rapid-fire "spring" practice sessions for the University of Pittsburgh Panthers expressing confidence he will have "an aggressive" team.

The proponent of the famed "T" formation made no secret of the fact that the Panthers will be a tricky team when it opens its season here September 25 against Notre Dame.

He told the boys yesterday "we will have as many as 10,000 pass plays" and when a few of his listeners looked skeptical, asserted seriously that with small variations he might really approach that figure.

"Anyway," we're going to have a wide open, exciting game, not power machines," said Shaughnessy.

Shaughnessy introduced a new wrinkle in practice by having a blackboard erected on the practice lot. Skull sessions in the past were held in the stadium dressing rooms. The coach said he would save time by diagramming his plays on the field.

## STARS IN SERVICE

## Sports Roundup

By HUGH FULLERTON, Jr.

New York, June 30.—(P)—John (Red) Barkley, the new Dodger shortstop who has been getting rave notices (maybe because he can finish a game all in one piece) wasn't a "regular" on his club during the national semi-pro tournament last summer. He played only four of the Cessna team's seven games. . . . Sgt. Young Kid McCoy figures he ought to know how to whip Jake Lamotta in their clash at Detroit tomorrow because he has been training with Ray Robinson, who did it twice. . . . Ken Shell, Utah's new amateur golf champion, crushed his left hand in a steel roller seven years ago. He still can't close it entirely and has to have the grips of all his clubs enlarged before he can use them. . . . He also doesn't recommend the stunt to golfers who want to become champs.

### Napoleonic Strategy

Nap Reyes, the Cuban first baseman who finally has made his way into the Giants' lineup, claims that his biggest moment in baseball didn't come from a little thing like hitting a homer with the bases full but from winning an argument with an umpire. . . . Nap, just up from Cuba, got into a dispute with an arbiter last summer. . . . After listening to a few choice Spanish adjectives, the ump remarked: "You're fined fifty dollars." . . . "No savvy," replied Nap, who knew the value of a buck as well as the next guy, "don't know, never mind." . . . The thrill, says Reyes, was that the umpire fell for the gag and Nap still has the \$50.

### The Life of Whirly

There's no more racing for Whirlaway. Whose winnings are by no means hay. He'll live the life of a gentleman farmer. And ogle many an equine charmer.

### One Minute Sports Page

If Bill Cane agrees to shift the Hambletonian from Goshen to the empire city track, chances are that he'll insist on being granted a week there to stage a harness race meet the way he thinks it should be done. . . . Jackie Maguire, 18-year-old infielder who looks like the best prospect on the Giants' Jersey City farm, is the son of Giant Scout, Gordon Maguire—but his dad can't claim credit for turning him up. Rubber Jonard spotted the kid in St. Louis and had him out for a tryout with the Giants last year.

ket operators who last year sold shotguns shells at \$5 a box and high-powered cartridges at \$1 each.

Gordon's comment followed an announcement of federal officials that plans are under way to provide ammunition for civilian sportsmen under a quota program with each hunter's allotment based on any present supplies although they declined to say how distribution would be controlled.

Prospects for the coming season, said Gordon, "are as good as last year with rabbits and squirrels—the average hunter's meat—more encouraging than in 1942, which was a good year."

## MINOR LEAGUES

By the Associated Press

**International League**  
Baltimore 4-3, Montreal 2-3.  
Cleveland City 3, Buffalo 2.  
Rochester 6, Newark 5.  
Syracuse 3, Toronto 2 (11 innings).

## With Relief Games Scheduled Major Leagues Have a Double Reason To Be War Conscious

By JUDSON BAILEY

Associated Press Sports Writer

The major leagues had a double reason to be "war conscious" today. The first was that this is the first of the two days this season set aside by all major league clubs for donating all receipts to the National War Relief Fund and the other was that the draft has just touched baseball anew.

Three top-ranking players were called for induction yesterday and out of the trio the army took one, Jimmy Brown, captain of the St. Louis Cardinals, and rejected two, Vernon Stephens and George McQuinn of the St. Louis Browns.

This served to re-open discussion of the effect of the draft on the pennant races. Yesterday's developments should help the last place Browns toward their goal of finishing in the American League's first division and might slow down, but hardly could stop, the campaign of the Cardinals for another National League flag.

The loss of Brown in the spring would have been considered a vital blow to the Cardinals, but in the meantime the field leader of the world champions lost his regular second base berth to a rookie, Lou Klein, and his absence now will be felt only in reserve strength.

He plans to remain with the Cardinals two weeks longer, taking the customary furlough allowed inductees.

Stephens apparently was deferred because of a knee injury suffered a month ago and McQuinn because of a back injury.

Stephens for months had been in a quandary about his draft status. In the spring he did not expect to join the Browns at all,

intending to wait at his home in California till called. Finally he decided to play until the summons came. He hurt his knee and was out of the lineup for a while. Then he left the club a month ago to hurry back to St. Louis for a draft examination and found it had been postponed.

Through all of his uncertainty he has managed to lead the American League in batting and now that both he and McQuinn have been rejected, at least for the remainder of the season, the Browns should click at their best gait. Although in the cellar, they are only three games out of third place.

Draft calls are pending for key players of other clubs—for Babe Dahlgren of the Phillies, the National League's batting leader, for Johnny Vander Meer of the Reds, for Gerry Priddy and Mickey Vernon of the Senators and others whose loss before the season ends may have a direct effect on the final standings.

But with the season nearly half gone the demands of war have not had a damaging effect on the ranking of any club except the New York Giants, whose last place position in the National League is the result of inductions before the season opened and the failure of the club to try for adequate replacements.

## Hutchinson Is Given Chance Against Jack

By TED MEIER

New York, June 30.—(P)—Johnny Hutchinson, comparatively little known Philadelphia teacher of Lightweight Champion Bob Montgomery, may finish what his famous pupil started against Beau Jack.

The former Augusta, Ga., shoe-shine boy took a terrific beating from Montgomery six weeks ago in Madison Square Garden, being jolted from his lightweight title by the Bobcat's savage body thumping.

Hutchinson, who in many quarters is regarded as packing a more potent punch than Montgomery, takes on the Beau July 19 at Philadelphia's Shibe Park. If Johnny "works on" the Beau as Montgomery did, Jack may be forced to forego a promised return title bout with the Bobcat.

It was back in 1937 that 26-year-old Hutchinson, then a featherweight, discovered Montgomery working out in a Philly gym as an amateur. He taught the Bobcat many tricks and introduced him to Frankie Thomas. Thomas became Montgomery's manager and piloted him to fame and fortune with Hutchinson an enthusiastic ringside rooster. Hutchinson went into a fistful lull and at one time considered quitting. But in the last year he has become a good drawing card in fight active Philadelphia. In his last outing he defeated Bobby Fuffin. Before that he fought two draws with Maxie Shapiro, in both scraps losing rounds because of low blows.

Playgrounds Have Record Attendance

Warren borough playgrounds were opened last week for the 1943 summer season, with a record attendance of 5,387, largest opening attendance figure in the past three years.

Play apparatus and equipment has been installed at all the various play areas. Each piece of apparatus has been newly painted and inspected for the safety of the children. New, clean washed sand has been placed in the sandboxes for the little tots. Many pieces of new hand and game equipment has been placed at all playgrounds. The wading pool at the south side playground has been repainted and is already in operation with many children enjoying it. It is hoped to have the sprinkler systems at the playgrounds in operation soon and it is expected as in the past two years that the hospital tennis court will be in operation by the parks and playground department.

Children of the borough are under the supervision of the instructors and are expected to enjoy a most interesting program this season. Youngsters from every part of the city are invited to attend the playgrounds daily. The playgrounds are located at the Betty Lacy, South street, South Side and at the West side.

The playgrounds will be kept open for a ten-week period up to August 28th.

Stamp News

NEW ZEALAND'S 1943 Health stamps will be the first triangular stamps ever issued by the New Zealand Post Office. Designs of the stamps were released by the New Zealand authorities recently. The set will again consist of two denominations, a one penny postage plus one-half penny Health green which will bear a head and shoulder portrait of Princess Margaret of England, illustrated here, and a two penny plus one penny brown with a head and shoulder portrait of Princess Elizabeth. A coronet appears in the apex, a spray of English oak with acorns in the left hand corner and a spray of New Zealand manuka in the other.

The stamps, designed by J. Berry of Wellington, are being printed in England and will be issued early in October. They will be withdrawn from sale not later than the end of February, 1944.

THE five cent United States stamp honoring Czechoslovakia, second in the series of 11 issued in commemoration of the resistance of occupied European countries to Axis powers, will be placed on sale in Washington July 12. Collectors desiring first day cancellations may send up to 10 self addressed envelopes to the Washington Postmaster with cash or postal money orders to cover the cost of stamps to be affixed. The design will be the same as the one honoring Poland, except that the name "Czechoslovakia" will replace "Poland" and the Czech flag of red, white and blue will be substituted for the Polish flag.

Newfoundland issued its first seven cent air mail stamp on June 1. Illustrated here, the stamp is blue and shows a plane flying over St. John's, Newfoundland.

NORWEGIAN pre-war stamps bearing the portrait of King Haakon VII, which are banned in Norway, are being reprinted by the Germans in Berlin for sale at high prices in Sweden and Germany, suitably in other neutral or Axis-occupied countries, according to word from Sweden.

Two re-issues of France's 1938-42 issue showing the head of Mercury have reached this country and reflect the changes in policy instituted by the Vichy government. A comparison of the original issue (left) with the new issue (right) discloses that the words "Postes Francaises" has been substituted for the customary "Republique Francaise" at the top of the stamp and the word "Postes" which appeared at the bottom of the earlier issue has been dropped from the Vichy version. Two values of the Vichy issue, a 10 centimes blue and a 30c red, have appeared in this country and it is probable that several additional values have been issued.

TWO additional "war issues" of British colonial possessions have been received by J. & H. Stolor, New York wholesalers. Both are re-issues of previous designs but are printed on white paper and include some slight color variations. One is a five rupee Ceylon, brown-violet and green in color with the profile of King George VI. Eleven values of the 1939 British Solomon Islands issue have been reprinted since the American troops ousted the Japs from this area. Principal variation is the omission of the 4½ pence value from the new set.

Anne Adams SUMMER PATTERN BOOK

Here's your new pattern for living—Summer 1943! This Anne Adams colorful book is packed with cool, smart, practical fashions for the American family in wartime. There are clothes for every home-front role: sturdy farm and factory clothes . . . feminine after-five fashions . . . two-piece dresses and ensembles . . . salvage specials for juniors . . . "ditto" mother and daughter styles . . . slenderizing sorcery for matrons . . . AND an actual sunbather pattern, printed right in the book! Each design shown is available in a remarkably simple, accurate, fabric-saving pattern. Home dressmakers need this outstanding book!

Send TEN CENTS, plus ONE CENT to cover cost of mailing, for Anne Adams Summer Pattern Book.

WARREN TIMES-MIRROR

Pattern Dept., 243 West 17th St., New York City

August 28th. A wide variety of activities is in store for the children attending with many contests and tournaments taking place each week. Among those scheduled are basketball, croquet, hop-scotch, volleyball, badminton, paddle tennis, basketball, checkers, softball, horseshoes, mumbletypeg, and rope skipping, while the contests scheduled are pet show, hobby fair, photography, and the annual doll show contest.

Both boys' and girls' softball leagues are scheduled to get under way next week with team from each playground. Any other junior or senior team interested in joining the playground league may do so by signing up with any of the various playground instructors.

As in the past years the handicraft and needlecraft program will be offered and many new projects are being planned.

### MEN AND WOMEN IN SERVICE

Mr. and Mrs. C. L. Mason, of Clarendon, have had word that their son, Pvt. M. LeRoy Mason, who left with the last Selective Service contingent, has been assigned to Camp Wheeler, Ga., for his basic training.

Friends here will be interested to know the whereabouts of two former Warren boys, Gordon and Jack Eldred, sons of Mrs. Marie Eldred, now in Florida, and the late Arthur E. Eldred, of Warren, 2nd Lt. Gordon Eldred is stationed in the Hawaiian Islands, where he serves as aide to Brigadier General Reed, and his brother, Jack, formerly at Camp Adair, Ore., is now at City College in New York City.

Friends will be sorry to learn that G. L. Werle, 210 East Fifth avenue, who suffered a heart attack one week ago today, is reported still in a serious condition.

### HOME ECONOMICS EXTENSION NEWS

The 4-H Club group at East Branch, Lander, Garland, Sugar Grove and North Warren will hold meetings this week. The East Branch group met Monday, June 28, at the home of Margaret Lay. The Lander club met Tuesday, June 29, at the Lander Grange Hall. The Clover Club at Garland meets in the school house the afternoon of June 30. The club at Sugar Grove meets at 9:30 a. m. July 1 at the home economics building. Mrs. Margaret Buck, the local leader of the North Warren group, will be hostess to that group the afternoon of July 1. A new 4-H Club was organized on June 25 at the home of Mrs. Margaret Cable at Cable Hollow. Mrs. Cable will be local leader for this club of Akeley and Cable Hollow girls. The Starbuck 4-H Club will hold its first meeting of the summer at the home of its leader, Mrs. Sigworth, on June 24. The Corydon Victory Lunch Packers will plan a picnic for July 6 at which time each girl will pack a lunch for herself and a guest. Each girl following a lunch box project must pack ten lunches during the summer.

### FISHERMAN DROWNS

New Castle, June 30.—(P)—Funeral services will be held tomorrow for Norman White, 24, who slipped from a rocky ledge while fishing with his father on Monday and drowned in Slippery Rock creek near Kennedy's Mill. He is survived by his widow, the daughter of Chief Deputy Sheriff George Dean.

### CORYDON

Miss Alice Duntley has arrived here to spend the summer with the R. H. Duntleys.

Mr. and Mrs. Basil Burch and Harry Tome are recent visitors of Mrs. Tome at Jamestown hospital.

Mr. and Mrs. James W. Crooks spent Friday with Jamestown relatives.

Miss Wilma Stryker has returned to Warren after spending the weekend with her parents here.

Miss Tina Whyte is a recent visitor of Mrs. John Hadden, Allegheny.

Mr. and Mrs. Russell Stewart, Bradford and Mr. and Mrs. Joe Schrader, of South Valley, are among guests of the Fred Hammonds.

Mrs. George Prue is the assigned hostess for members and friends of the Ladies' Aid Society of the M. E. church this coming Thursday.

Miss Alice Mead and nurse, Miss Edna Kupitz, of Buffalo arrived Sunday to spend time with G. N. Mead, at "Friendly Camp". They were accompanied by Mr. and Mrs. John Corrigan, who has returned to Buffalo.

Mrs. Carol Crooks and son, Billy Crooks were here Sunday to visit Mrs. Nora Crooks and Mr. and Mrs. Joe Cousins.

Miss Irene Butcher has returned to Bradford following the weekend with her parents.

Mrs. C. C. Platt spent a short time here Monday.

Mrs. W. P. Williams, who has been ill at the home of her daughter Mrs. Glenn Williams at Cattaraugus, is reported improved.

Mrs. P. E. Tome, spending several days with the Robert Ammermans in Lockport, has returned home.

### THE FOURTH OF JULY SPIRIT

WE HOLD THESE TRUTHS TO BE SELF-EVIDENT THAT ALL MEN ARE CREATED EQUAL; THAT THEY ARE ENDOWED BY THEIR CREATOR WITH CERTAIN UNALIENABLE RIGHTS; THAT AMONG THESE ARE LIFE, LIBERTY AND THE PURSUIT OF HAPPINESS. THAT TO SECURE THESE RIGHTS, GOVERNMENTS ARE INSTITUTED AMONG MEN, DERIVING THEIR JUST POWERS FROM THE CONSENT OF THE GOVERNED; THAT WHENEVER ANY FORM OF GOVERNMENT BECOMES DESTRUCTIVE OF THESE ENDS, IT IS THE RIGHT OF THE PEOPLE TO ALTER OR ABOLISH IT.

Tide of fighting men in the Army show "This Is the Army" enact this Fourth of July tableau with stirring words from the Declaration of Independence as a backdrop. After grossing \$2,000,000 as a Broadway stage hit and road show, "This Is the Army" is now about to be released as a technicolor movie.

### MOTOR FEDERATION TO SEEK PROBE OF LEVY

Harrisburg, June 30.—(P)—Pennsylvania members of congress were asked today by the Pennsylvania Motor Federation to seek extension of validity of the current \$5 federal automobile use tax.

At concluding convention sessions, President Howard W. Hughes, of Washington, Pa., urged the congressional delegation to adopt a joint congressional resolution giving a moratorium of four to six months or until the gasoline situation permits more normal use of cars.

### FORMER BUND LEADER HEADS FOR NTERNMENT

Danmemora, N. Y., June 30.—(P)—Fritz Kuhn, former national leader of the German-American Bund, who was paroled June 18 by New York in custody of the federal government, left Clinton prison today, presumably headed for internment.

The 48-year-old former bund leader was sentenced to serve two and a half to five years following his conviction in November, 1939, of grand larceny and forgery involving bund funds. He and 10 other former bundists were deprived of American citizenship through denaturalization proceedings last March.

### Bloody Riots Occurring in Greek Cities

(From Page One) upon partial evacuation of Bucharest as an air raid precaution. All persons who have recently moved into the capital from the provinces will be forced to leave, this report said.

New strengthening of the Axis lines was reported, too, in southern Italy and its adjoining stepping stone islands of Sicily and Sardinia, as well as in France, where Field Marshal Erwin Rommel was said to have concentrated some 350,000 troops in the Rhone valley.

Unrest within Italy has become prevalent, Moscow reported, declaring approximately 65,000 workers had struck at 25 Turin factories, demanding release of Fiat factory employees arrested in March for participating in a strike. The broadcast said troops had taken over some plants.

### ARE YOU putting Ten Per Cent of your Income into U. S. War Bonds & Stamps?

Miss Alice Mead and nurse, Miss Edna Kupitz, of Buffalo arrived Sunday to spend time with G. N. Mead, at "Friendly Camp". They were accompanied by Mr. and Mrs. John Corrigan, who has returned to Buffalo.

Mrs. Carol Crooks and son, Billy Crooks were here Sunday to visit Mrs. Nora Crooks and Mr. and Mrs. Joe Cousins.

Miss Irene Butcher has returned to Bradford following the weekend with her parents.

### DAIRMEN OPPOSED TO SUBSIDIES PROPOSAL

New York, June 30.—(P)—Representatives of 500,000 dairymen and poultry raisers in 13 eastern states were on record today as opposing "subsidies in lieu of fair prices for food products."

The action was taken by the Northeastern Dairy Conference and the Northeastern Poultry Producers council at an emergency session yesterday.

The group unanimously voted a resolution opposing subsidies offered by Roland N. Benjamin, Harrisburg, Pa., executive secretary of the Pennsylvania Farm Bureau Co-operative Association.

At the same time, they telegraphed War Food Administrator Marvin Jones asking for an appointment to discuss the feed situation.

### BRADFORD-ALLEGHENY OUTPUT SHOWS DROP

Crude oil production in the Bradford and Allegheny oil fields was off 1,400 barrels daily average last week, according to the Bradford District Pennsylvania Oil Producers Association.

Daily average oil yield for the two fields last week was 48,243 barrels as compared to 49,643 barrels during the preceding week.

Bradford output dropped 421 barrels. Daily average oil production in this district was 38,192 barrels last week, while during the previous week the output averaged 38,613 barrels daily.

A decline of 879 barrels lowered the daily average oil yield for the Allegheny field from 11,030 barrels during the week of June 19 to 10,051 barrels last week.

### PHILADELPHIA HAVING ACUTE MEAT SCARCITY

Philadelphia, June 30.—(P)—If the government doesn't find a way to get them more meat in 10 days, Philadelphia butchers intend to start slaughtering their own.

"Unless something is done, and we expect nothing—the butchers will apply for a slaughtering license and start killing their own meat," announced Arthur E. Dennis, counsel for The Associated Butchers of Philadelphia.

Dennis said the butchers probably would take over one of the packing plants which have closed in protest against OPA price regulations.

### SERVICE CONTINUED

Fredonia, N. Y., June 30.—(P)—The West Ridge Transportation Co., serving Bradford, Erie and other northwestern Pennsylvania points, continued operation today despite a previous announcement that service would be suspended last midnight for lack of gasoline.

### Martha Hultberg In Excellent Recital At the Conservatory

Miss Martha Hultberg, of Cleveland, O., who formerly studied piano with Mrs. Clarence Shoop in Corry and with Dr. LeRoy B. Campbell, of Warren, was presented in an ambitious song recital last evening in the local Conservatory by her voice teacher, Eugene Kuester. Miss Hultberg was graduated in piano at the Conservatory in 1941 and completed post-graduate piano and voice work here this month.

Her program last evening showed a marked improvement for her two years under Mr. Kuester, displaying development of a very fine coloratura technique and a tone that has rounded beautifully in color and timbre.

Perhaps her best pieces were the Gavotte from Massenet's opera "Manon" and the Villanelle by Del'Acqua. The English group was presented with fine gradation of tone, splendid control and interpretation. Edith Haines Kuester provided a lovely supporting accompaniment.

Assisting Miss Hultberg was Miss Naomi Johnson, Corry pianist, and also a former pupil of Mrs. Shoop, who has acquired a fluent technique and excellent poise and played her pieces with ideal expression. The Ravel "Sonatine" was her outstanding selection.

### Social Events

**EPWORTH WSCS**  
Epworth Methodist WSCS members held their regular meeting last evening at the church with Mrs. Oscar Granquist conducting the business session and Mrs. Frank Tuttle having the devotion. It was announced the Ladies' Auxiliary of the church has invited WSCS members to attend a picnic in July at the home of Mrs. John Anderson, Marion street. It was also stated that the Jamestown District, including local units, has given \$2,197 toward the \$5,014 "love gift" raised by the Erie Conference to be applied on indebtedness of the Ruth M. Smith Home at Sheffield.

The program presented by Mrs. Frank Smith included solos by Joan Yagge and Richard Smith, accompanied by Mrs. Harry Granquist. The closing prayer was by Mrs. Elina Hanson.

**CLARENDON WSCS**  
The WSCS of the Clarendon Methodist church held its regular meeting in the church with an attendance of 21 members and six guests. Devotions were in charge of Mrs. Della Wyckoff after which a brief business meeting was conducted and plans made for an ice cream social to be held on the church lawn the evening of July 9. Mrs. Evelyn Meley presented a program on "Work Among the Mexican and Indian People." A group of five from the Young Women's Auxiliary was presented, each taking a part and explaining the symbol of the society. A collection taken amounted to \$13. Refreshments were served by Mrs. Sleeman, Mrs. Keefer and Mrs. Knight.

### FORMER WARREN GIRL IS ENGAGED

Mrs. Ella Rosen, 9913 Adams avenue NE, Cleveland, O., has announced the engagement of her daughter, Helen, to Aviation Cadet Alvin B. Milkov, son of Mr. and Mrs. I. B. Milkov, of Cleveland Heights. No wedding date has been set.

Miss Rosen, who formerly lived here and is a granddaughter of Mr. and Mrs. Robert Punskey, Pennsylvania avenue, east, is employed in the Cleveland Ordnance District office. Her fiancé, who attended Case School of Applied Science, is stationed at the Santa Ana, Calif., air base.

### BPW MEMBERSHIP PLANNING MEETING

Warren Business and Professional Women's Club members are completing plans for their July meeting, which will follow six o'clock dinner at the YWCA activities building on Wednesday evening, July 7.

The club's birthday anniversary postponed from June will be observed at that time and members will discuss their newest project, "Doodads for Defense," being carried on in cooperation with the Council of Defense and announced in more detail elsewhere in this issue.

**EVANGELICAL AID**  
The Salem Evangelical Ladies' Aid Society will hold its regular business and social meeting at the church at 2 p. m. Thursday and all are urged to be present.

**FIDELIS CLASS**  
Fidelis Class members of Grace Methodist church will be entertained at eight o'clock Thursday evening at the home of Mrs. Catherine Baldensperger, Madison avenue.

Summer cottages in Pennsylvania are making their summer "fruitful." Cottage colonies these days are replete with Victory Gardens and housewives are planning canning parties—helping each other prepare vegetables and fruits for canning and preserves.

## TIMES TOPICS

### LIST HAS ARRIVED

The local rationing board has received from the Erie Office of Price Administration a list containing names of 14 local persons cited by enforcement officials for violating the pleasure driving ban and these individuals are being notified when to appear before the local board for presentation of their cases.

### YOU MUST WALK

A dispatch from Kane states that all ration boards in that area have received instructions to recall all "B" and "C" cards in all cases where the ration of gasoline was used for distances which the user can reasonably be expected to walk. "Generally," an OPA spokesman said "one or two miles each way or a distance which can be walked in 30 or 40 minutes or less is a reasonable walking distance." The determination as to whether the distance is reasonable with respect to the particular applicant is affected by a number of factors such as age, physical condition and need for transporting heavy or bulky articles. Such a ruling would practically affect every worker employed in Warren plants.

### COMMENT AROUSED

Much comment was roused locally over the criticism leveled at the OPA by Congressman Weiss of Glassport, Pa., relative to giving gasoline to political candidates and taking it away from soldiers home on furlough. Warren folk in general agree that the soldiers should have gas. Inquiry at the local ration board brought out the information that formerly soldiers when home for three days or more could get five gallons of gasoline upon presentation of their furlough papers. Candidates to get gas must file a request with an estimate of the amount they will need for a canvass. The board passes carefully upon the request and a compromise results, according to a representative of the board. So far as the charge made by Rep. Weiss that "\$9,760 gallons of auto gasoline had been sent into Ohio last week," local refiners are of the opinion that the amount may be exaggerated, although some quantities may have been delivered by service trucks to stations on the border-line owned by refineries in western Pennsylvania.

The year 1933 set a record as the worst hurricane year in history.

### MAKE THIS MODEL AT HOME

TWO-PIECE STAND-BY

By Anne Adams

## Obituary

### NOTICE TO UNDERTAKERS

Due to conditions under which newspapers are being operated during the war undertakers in the city must write out and bring to this office all obituary and funeral notices. None will be taken over the telephone except in cases where a death occurs in the afternoon and then only a brief notice will be taken. This ruling does not apply to undertakers out of the city. No exception will be made.

**MRS. SAMUEL T. BRINDIS**  
Valerie M. Brindis, 816 West Fourth avenue, passed away this morning at 2:30 o'clock in Warren General Hospital after an extended illness.

Mrs. Brindis was born in Chicago December 8, 1891, and has resided in Warren for the past 27 years. She is survived by her husband; four daughters, Mrs. Joseph Grakowski, Titusville; Mrs. Anthony Gugino, Lima, Ohio; Rose Ann and Delores, at home; also three grandchildren; two sisters and two brothers: Mrs. James Czerwinski, Mrs. Mary Redlark, Bruno and Walter Wolf, all of Chicago.

Removal was made to the family home, where friends may call and from where the parish rosary will be recited at 8 p. m. Friday. Funeral services will be held Saturday morning at 10 o'clock from St. Joseph's church with interment following in St. Joseph's cemetery. (Titusville and Jamestown papers please copy.)

### HANNAH S. LEANDER

Mrs. Hanna Sophia Leander, widow of August Leander, passed away at four o'clock Tuesday afternoon at the home of her daughter, Mrs. Emil Jacobson, 505 Conewango avenue. She had been in failing health for some time but had remained active until the time of her death.

She was born in Sweden December 20, 1855, came to this country 62 years ago and had been a resident of this community for the past 40 years. She was a faithful member of St. Paul's Lutheran church and active in both the Martha Society and the Miriam Missionary Society.

Besides Mrs. Jacobson, she leaves two daughters and two sons: Mrs. Jennie Kelly, San Diego, Calif.; Mrs. David Lindberg, Warren; Arvid Leander, St. Paul, Minn.; and George Leander, Los Angeles, Calif.; also 8 grandchildren and 7 great-grandchildren. One daughter, Mrs. Anna Waterbrandt, preceded her in death in 1918.

Friends will be received at the Templeton Funeral Home and services will be held from there at 2:30 p. m. Friday, followed by interment in Oakland cemetery.

### MABEL E. NELSON

Miss Mabel E. Nelson, daughter of Mrs. Tekla Nelson and the late Charles P. Nelson, of 15 Plum street, passed away at nine o'clock Tuesday evening in the Bashline-Rossman Hospital in Grove City following a short illness.

Born here and a lifelong resident of the community, Miss Nelson had been a valued employee of the R. W. Norris Company for the past 15 years. She was a faithful member of Grace Methodist church and active in the Truth Seekers Class of that church. Many other interests included active membership in the Warren Business and Professional Women's Club and the Y. W. C. A., where she has served the Ali-We-Je Club as treasurer for the past three years. Possessed of a temperament that made and held many friendships, she will be greatly missed in many circles.

Surviving with her mother is a sister, Mrs. Cecil Courtney, and a brother, Wesley Nelson, both of Warren; also one nephew, Charles Nelson.

Removal will be made late this evening to the family home, where friends may call after 10 o'clock tomorrow. Funeral plans have not been completed and will be announced tomorrow.

### YOUNGVILLE NEWS

Youngville, June 30—Miss Lilian Swanson will present her students in piano in a recital Friday evening July 2nd in the high school auditorium. The program will open promptly at 7:30 p. m.

The club's birthday anniversary postponed from June will be observed at that time and members will discuss their newest project, "Doodads for Defense," being carried on in cooperation with the Council of Defense and announced in more detail elsewhere in this issue.

**U. B. QUARTERLY MEETING**  
At the June Quarterly meeting of the Youngville United Brethren church, with Rev. S. P. Weaver of Jamestown, superintendent of the Jamestown conference present, Charles Helm was elected trustee to fill vacancy left by the death of C. J. Young. Earl Young and Althea Helm were re-elected delegates to the Erie Annual Conference held in Findley Lake during the last week in August. Plummer Mourer was elected alternate.

**SCHOOL SCRAP DRIVE**  
A report has been received by Elton Barton local chairman of the salvage committee, crediting to Youngville school 14,765 lbs. of salvage in their last collection which is considered very good all about as much as the first salvage drive. A check for the same has been sent to the school.

## Clorox offers still another valuable service... IT NEUTRALIZES WAR GASES

(LIQUID MUSTARD AND LEWISITE)

Clorox, familiar friend to millions of housewives, is recognized by scientists as a most effective agent for neutralizing liquid mustard and Lewisite war gases.

Numerous local defense councils and individuals, following the recommendations of war gas authorities, have included Clorox among their first aid supplies. The same qualities that have made Clorox America's favorite bleach and household disinfectant enable it to neutralize liquid mustard and Lewisite war gases. Clorox is ultra-refined, free from caustic, permitting fast, efficient action... it has uniform high strength. Clorox is always pure, safe and dependable.

While it is hoped that the occasion will never arise whereby Clorox is needed for fighting war gas, this advertisement is published as a public service to familiarize the American people with the protective values of Clorox in case of emergency.

**Recommended Treatment with Clorox**  
If liquid gas has splashed on skin quickly blot up all liquid possible with absorbent material. Then gently bathe affected area with undiluted Clorox to neutralize remaining liquid gas; rinse. Take shower, lathering thoroughly. Dry skin by patting.
